Management

# Where is Vojvodina?

# Ethnic structure 2002.

Serbs 65%

Hungarians 14,3%

Slovaks 2,8%

Croats 2,8%

Montenegrins 1,8%

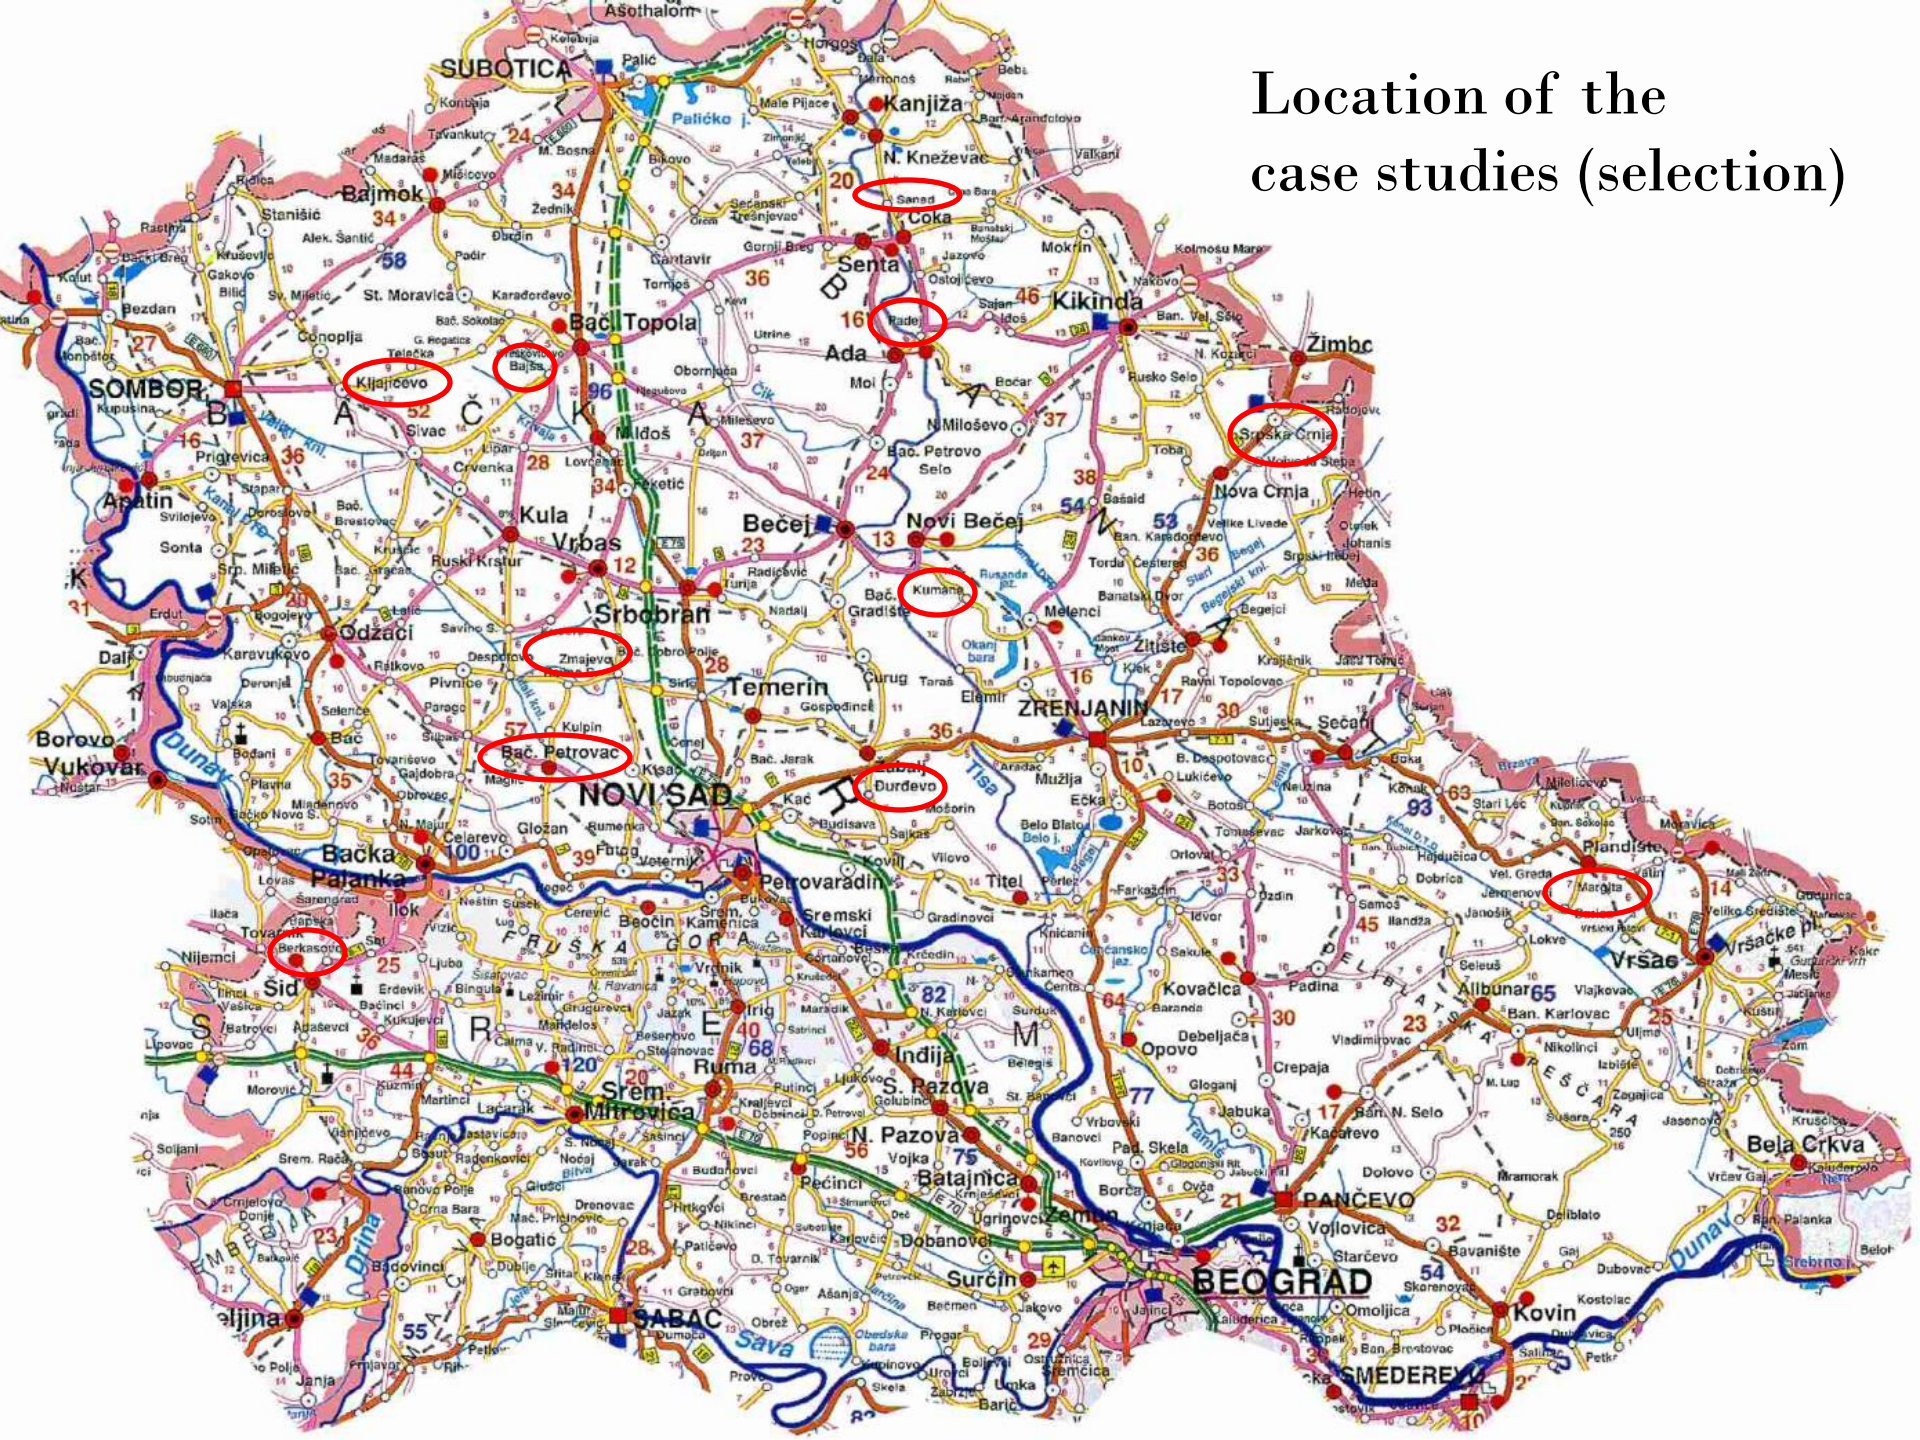

Romanians 1,5%

Ruthenians 0,8%

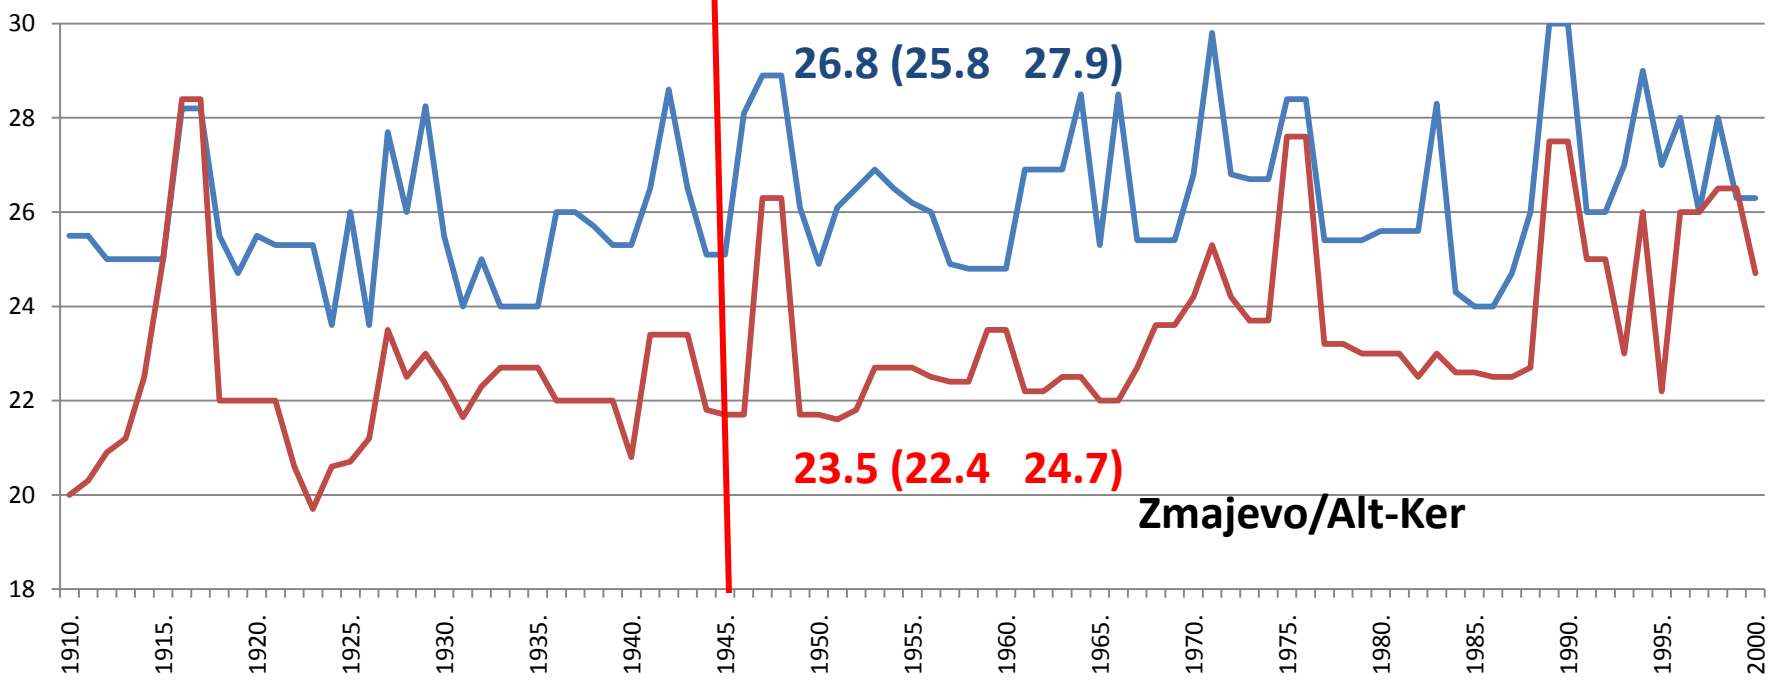

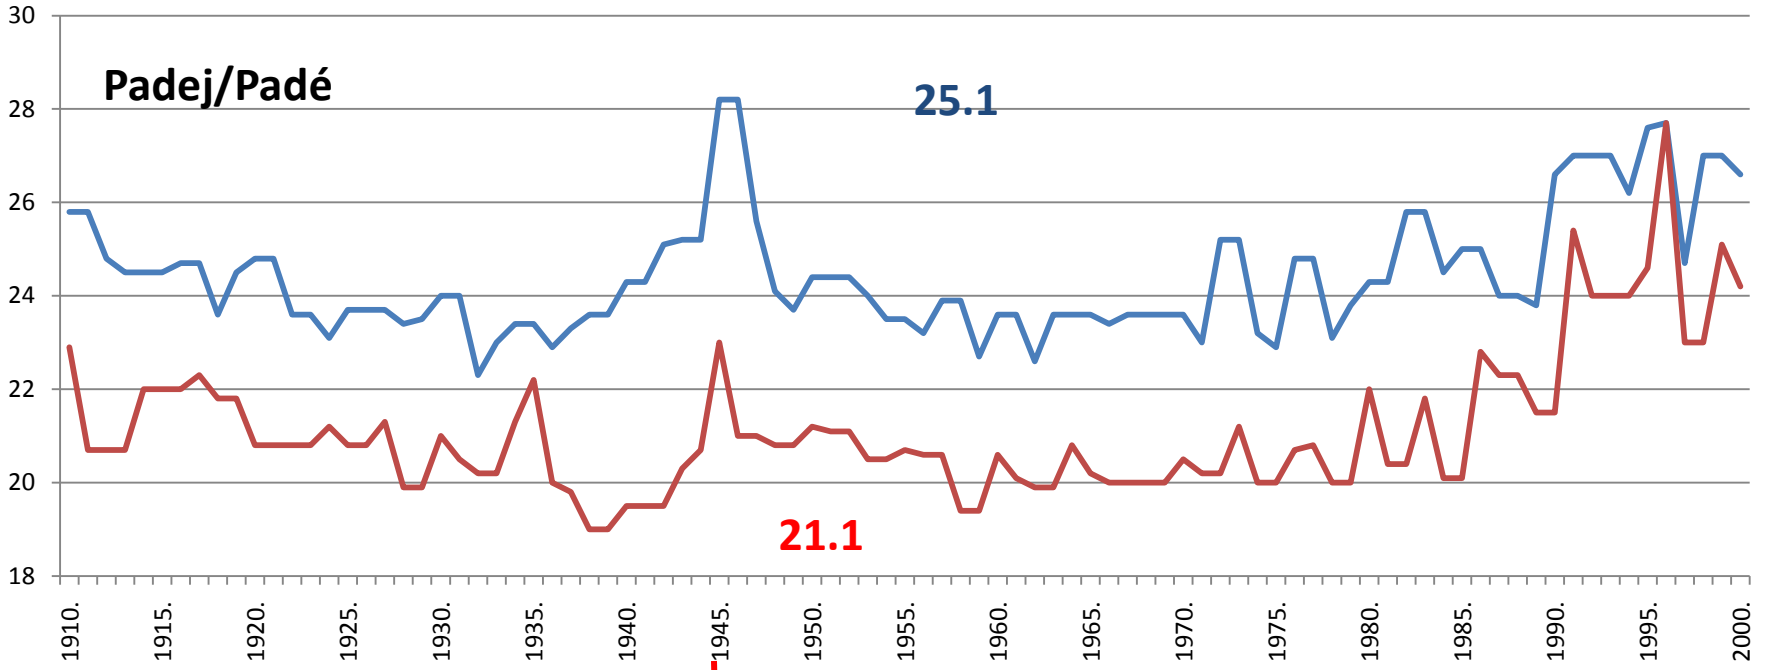

Czechs

without absolute majority

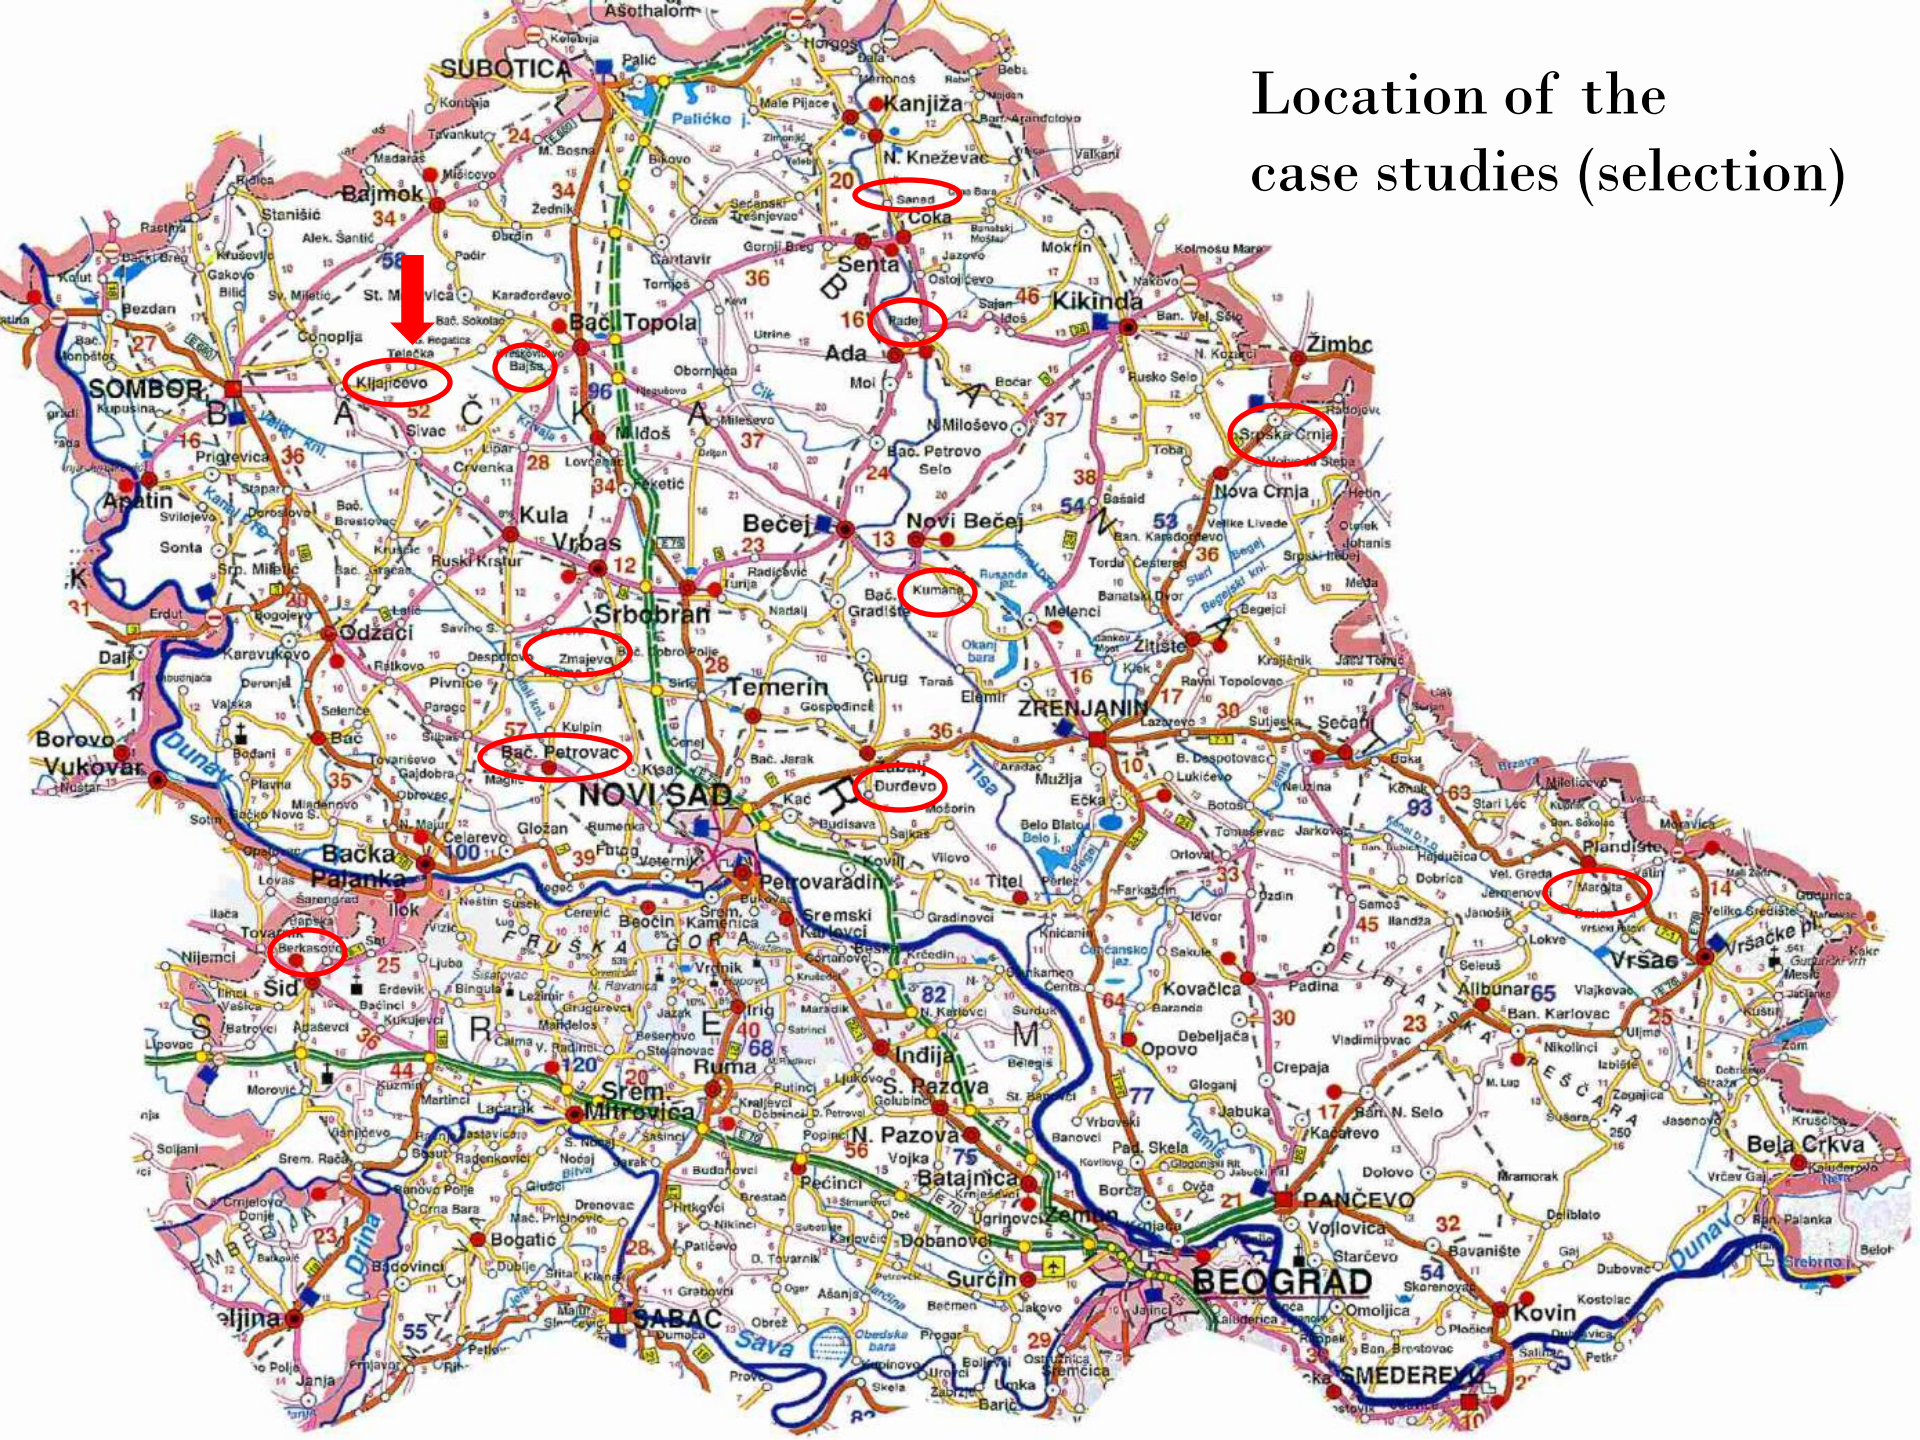

# Location of the case studies (selection)

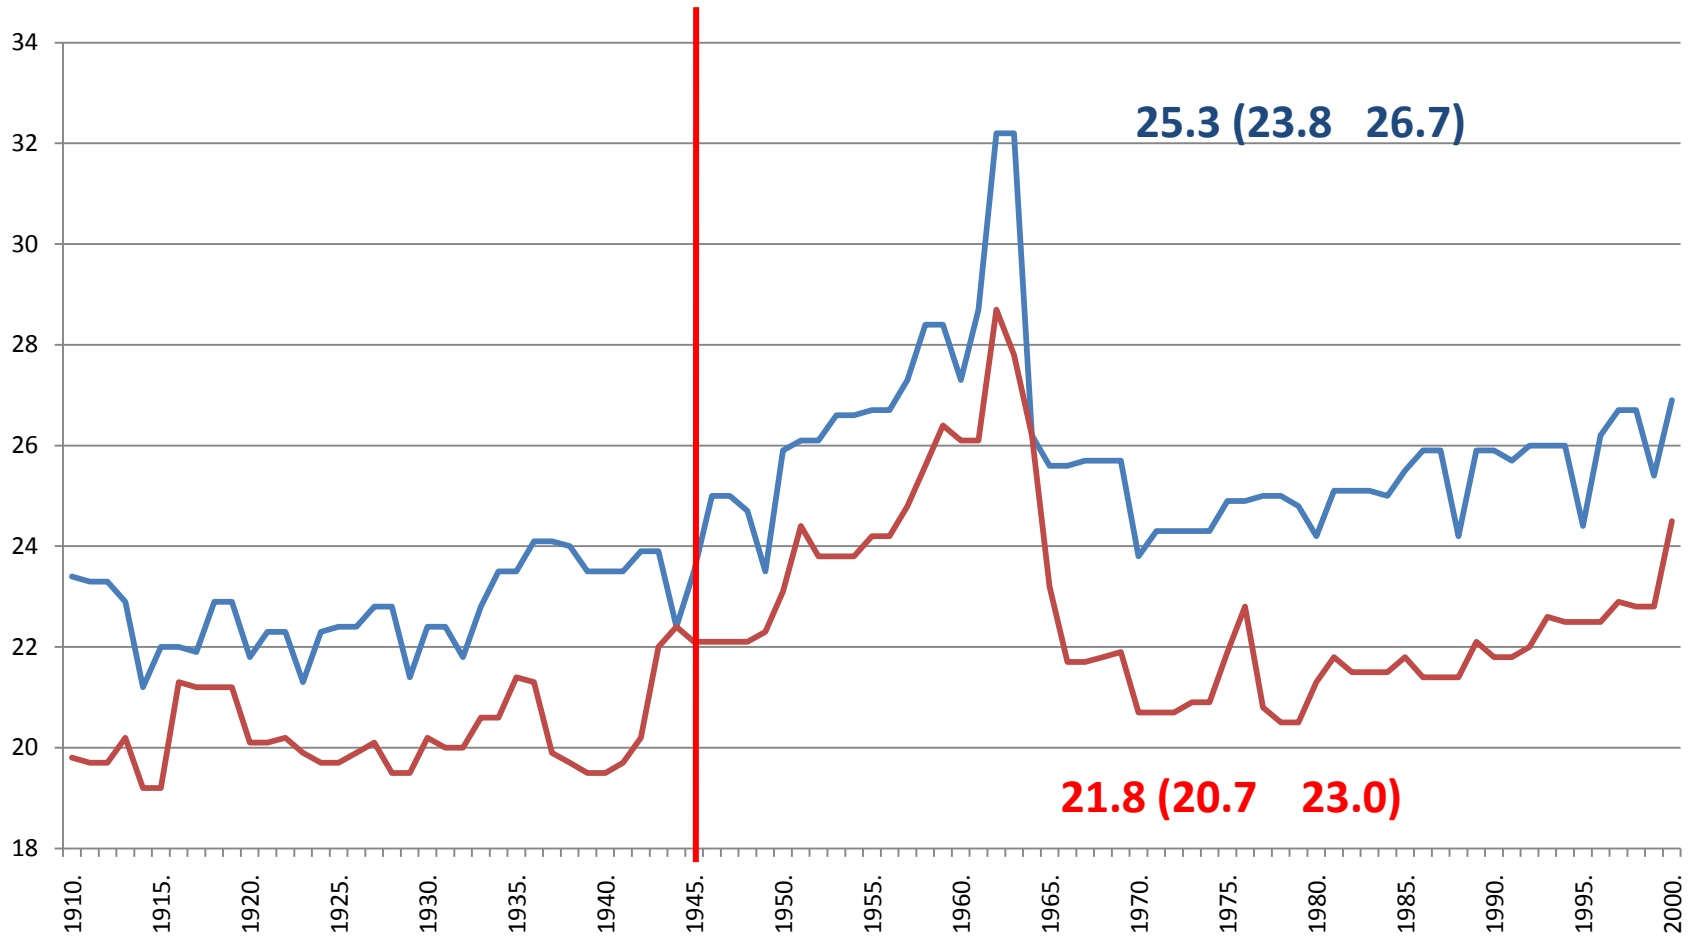

# Location of the case studies (selection)

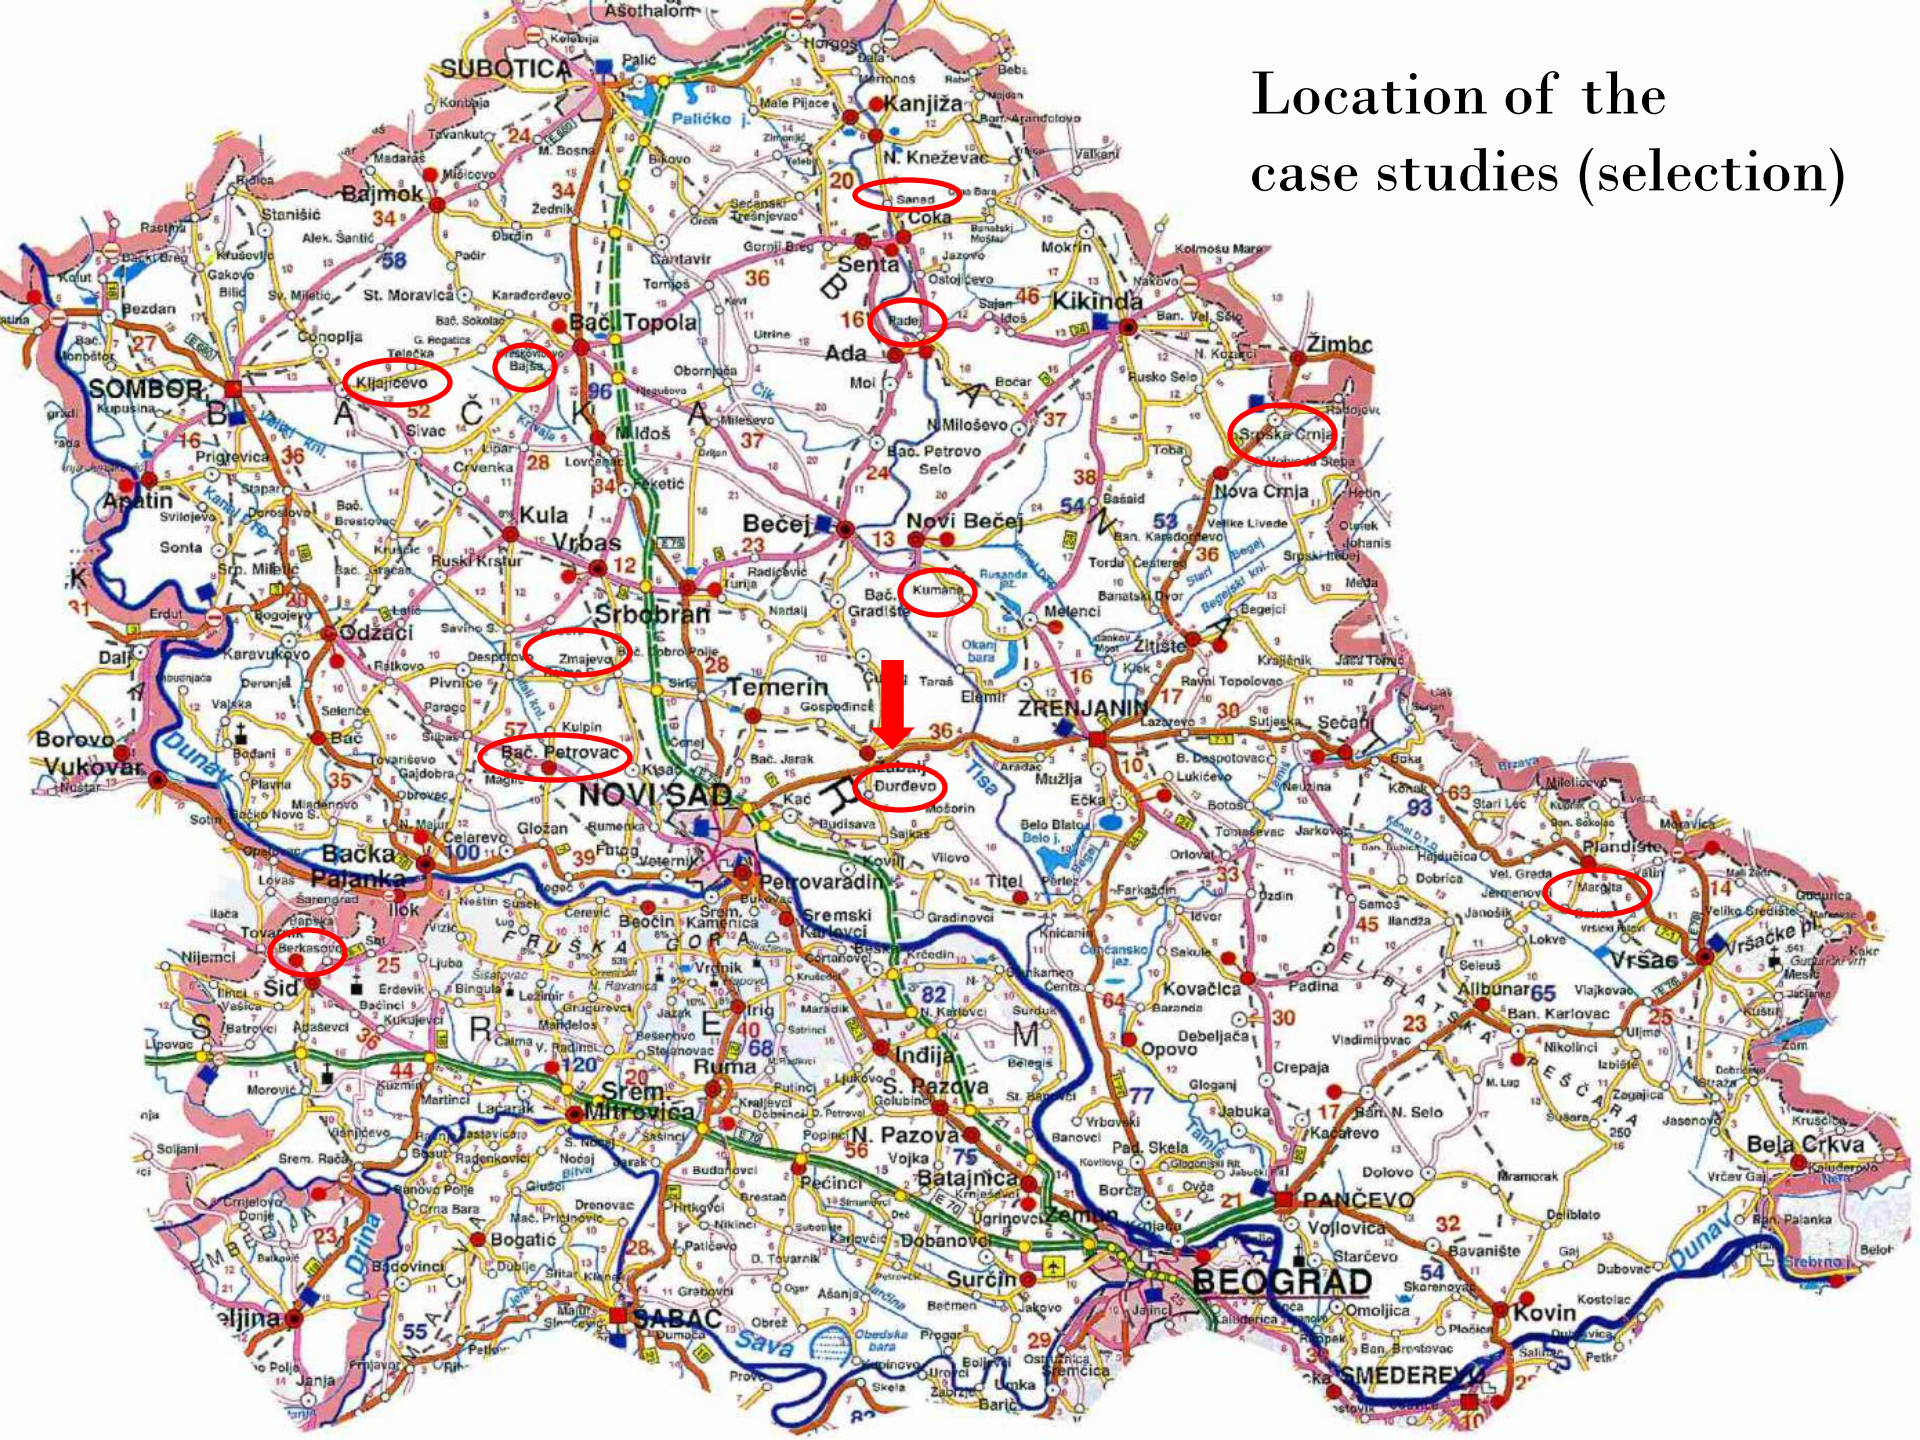

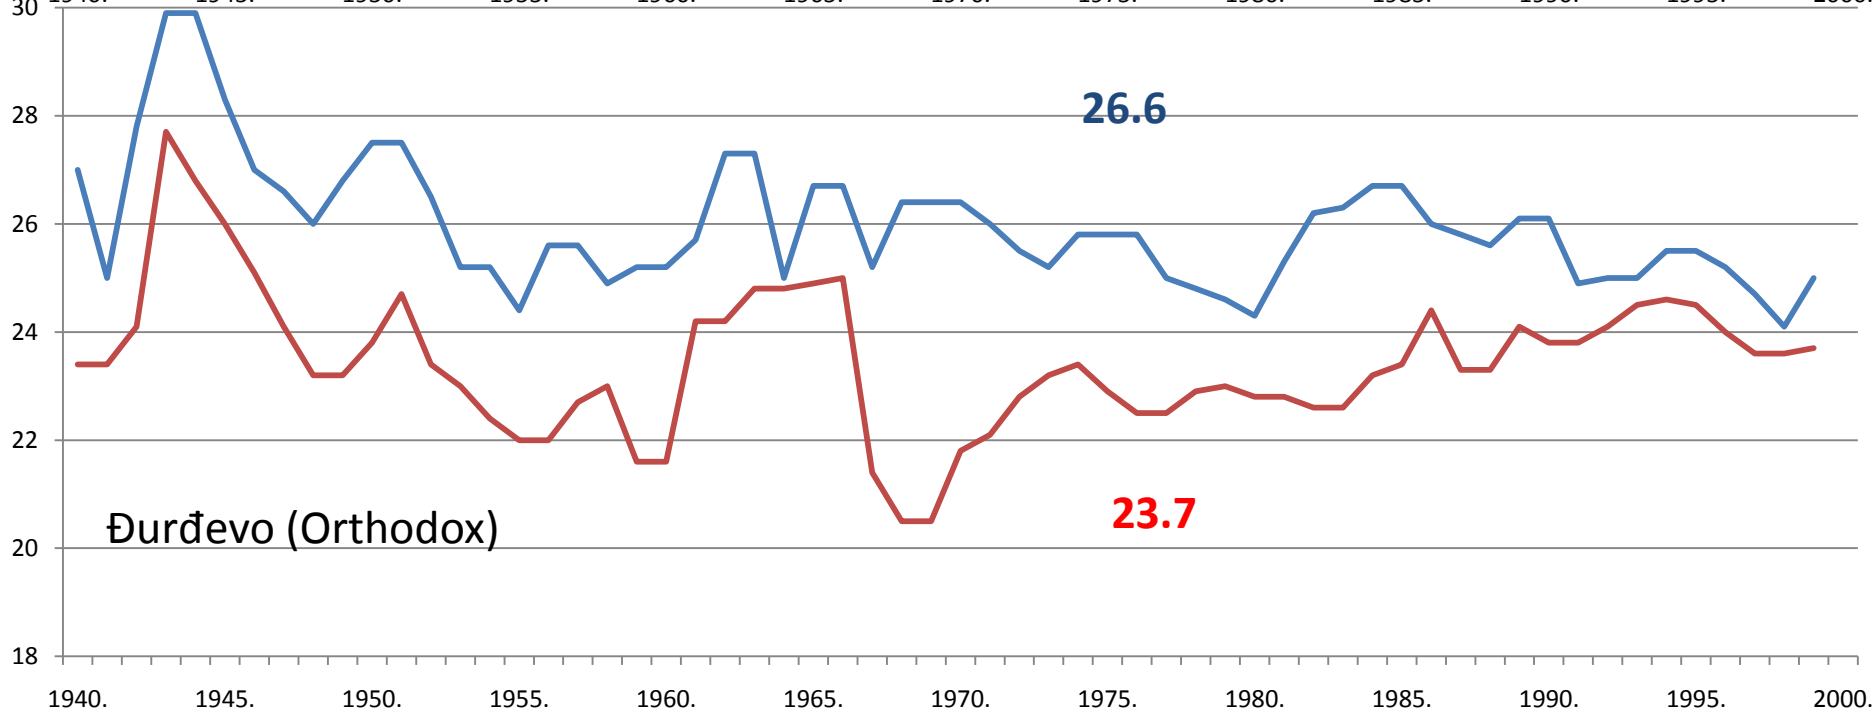

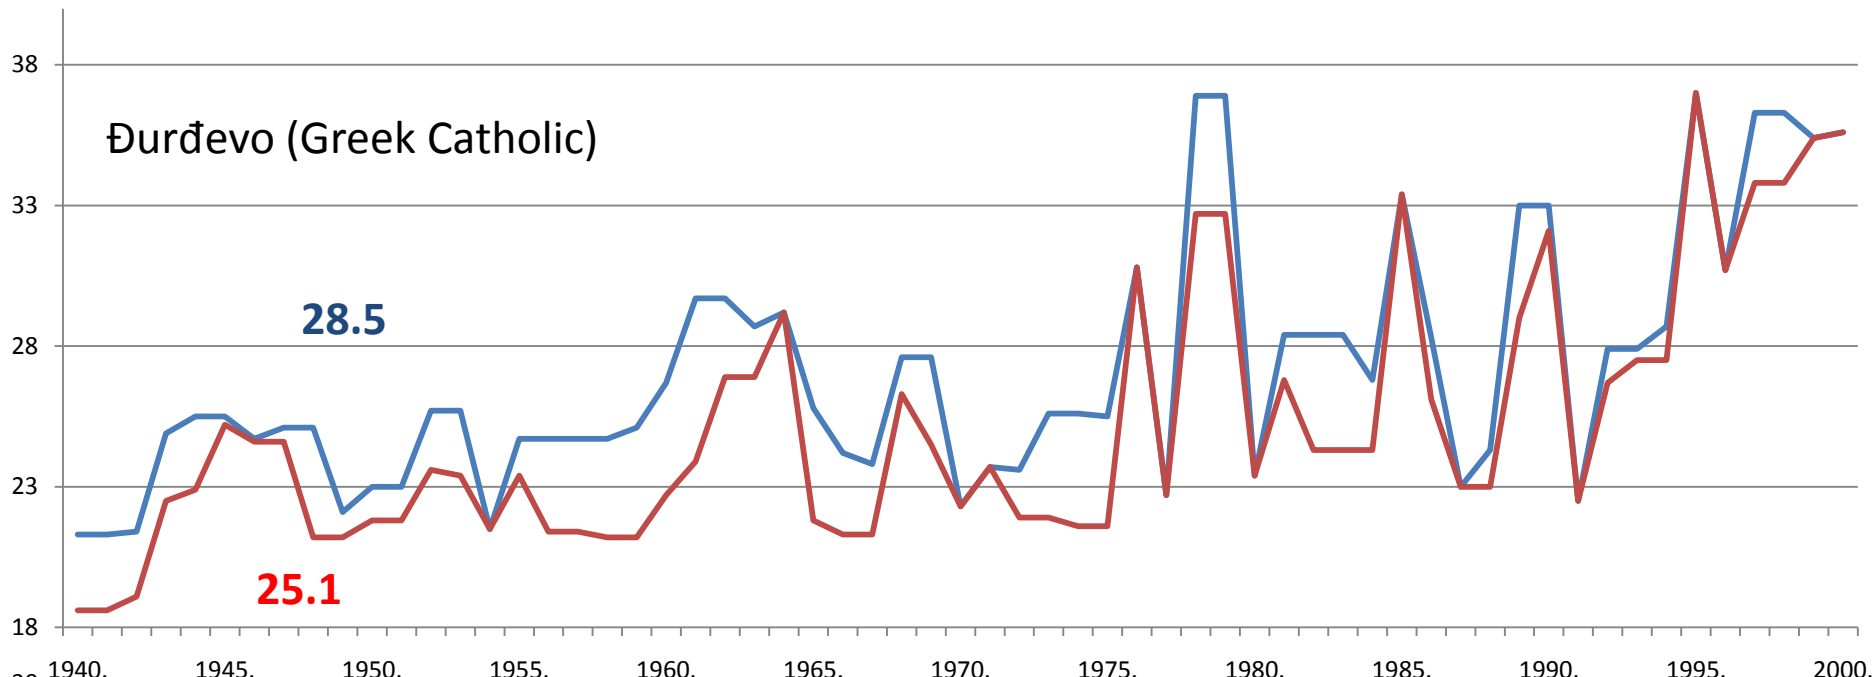

# Kljajićevo/Kernei

untill 1945 German majority  
from 1945 Serbian majority

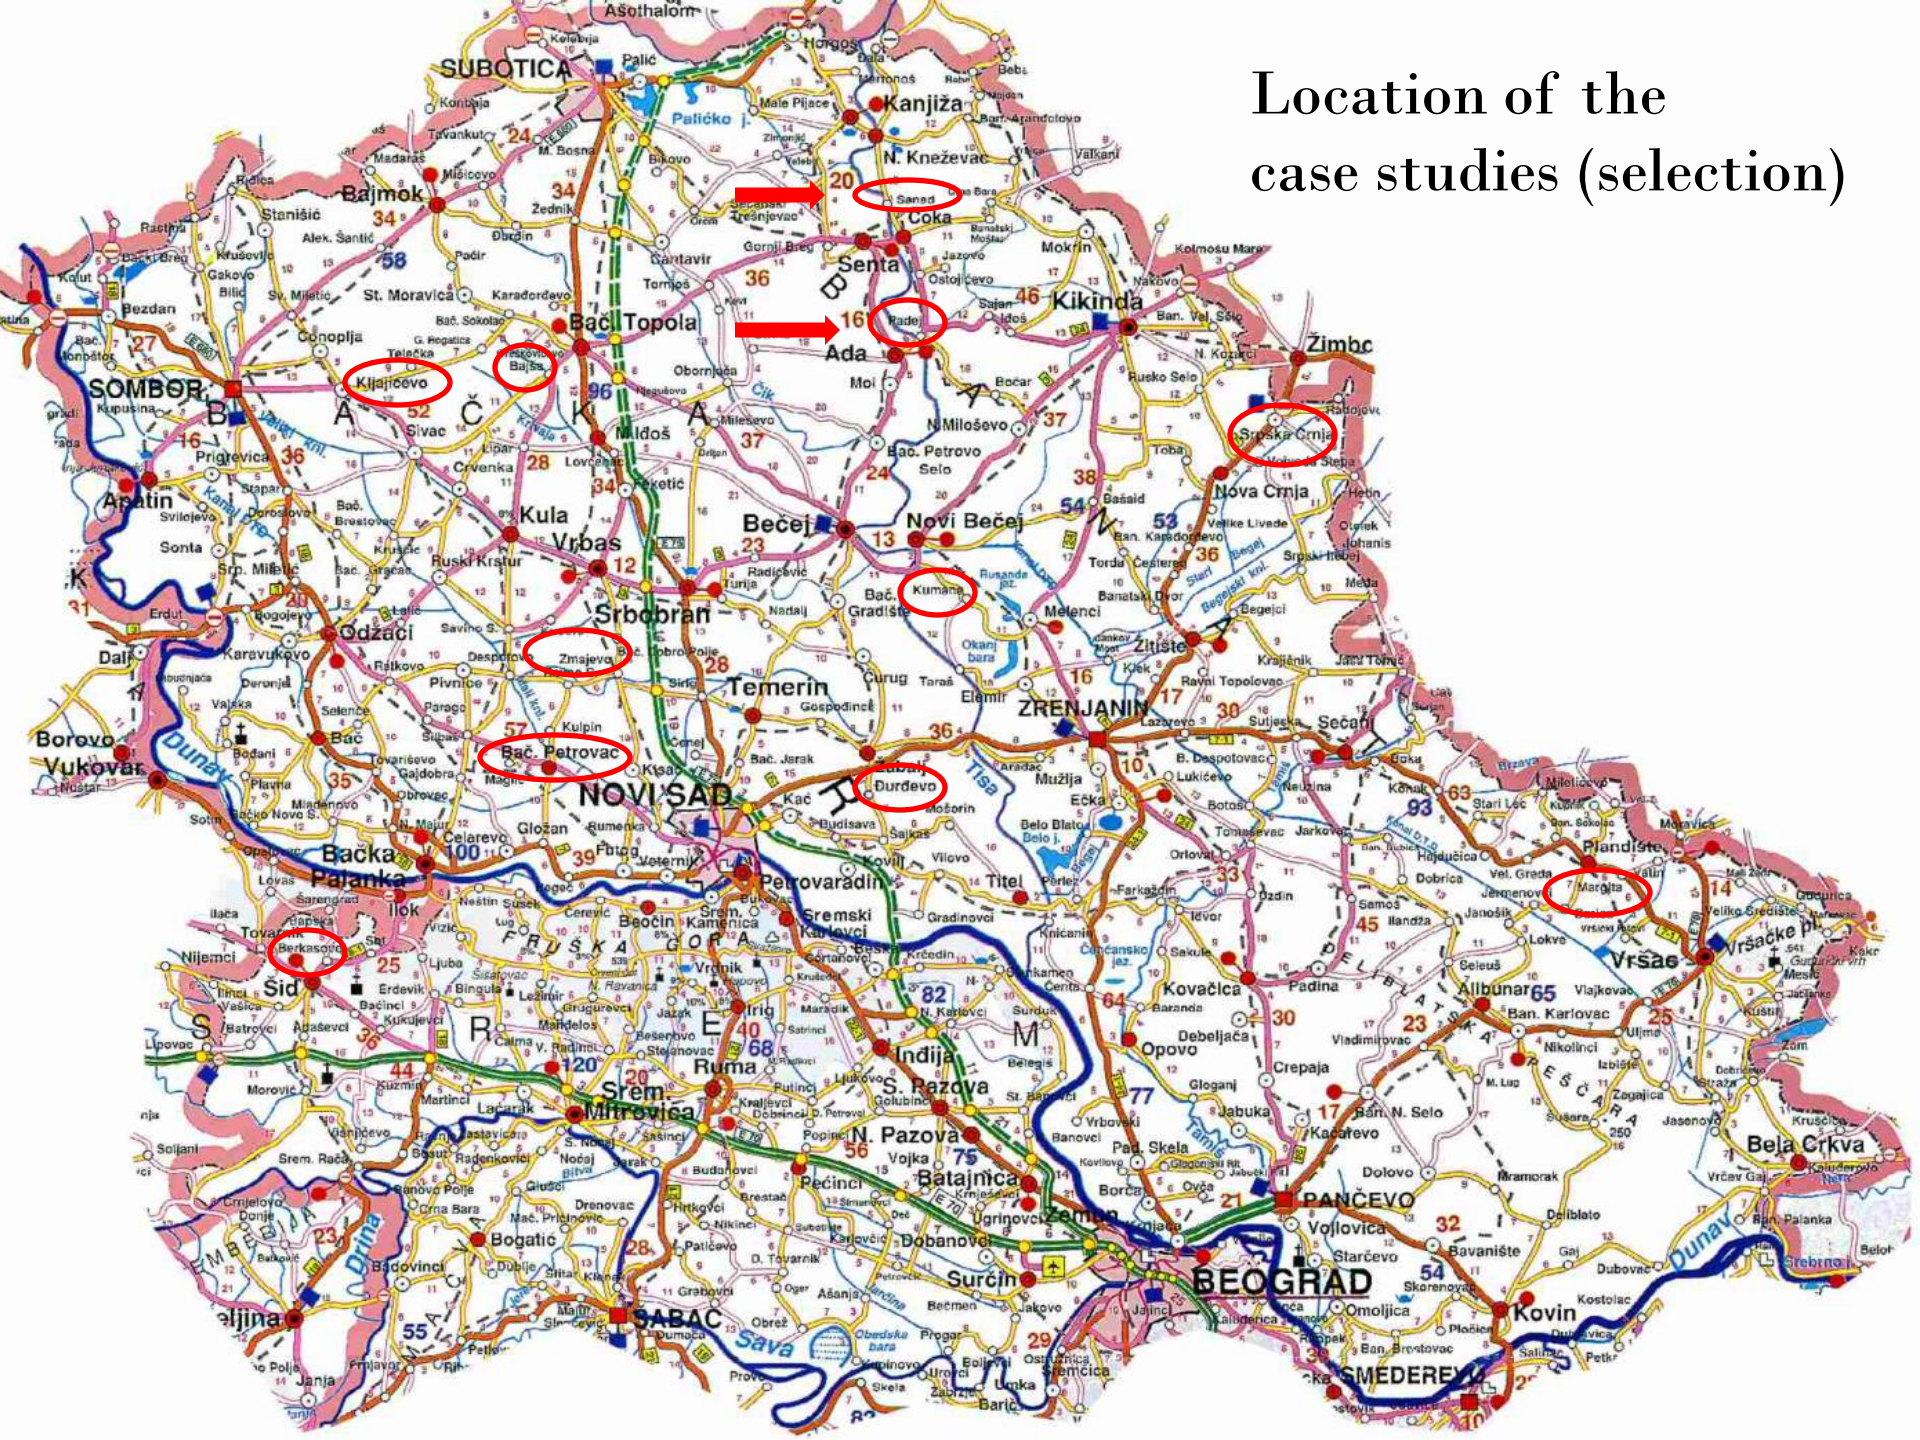

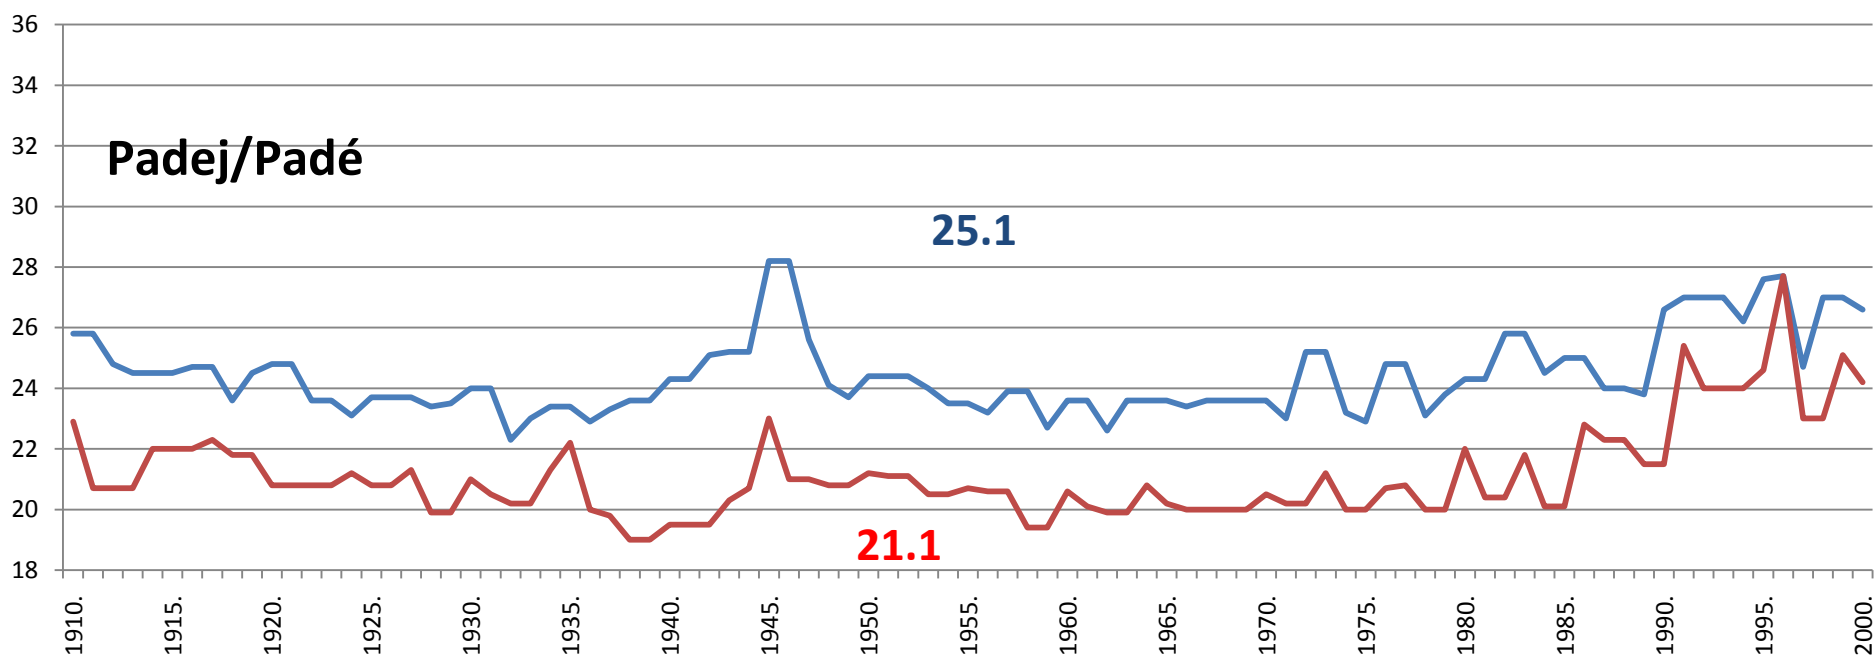

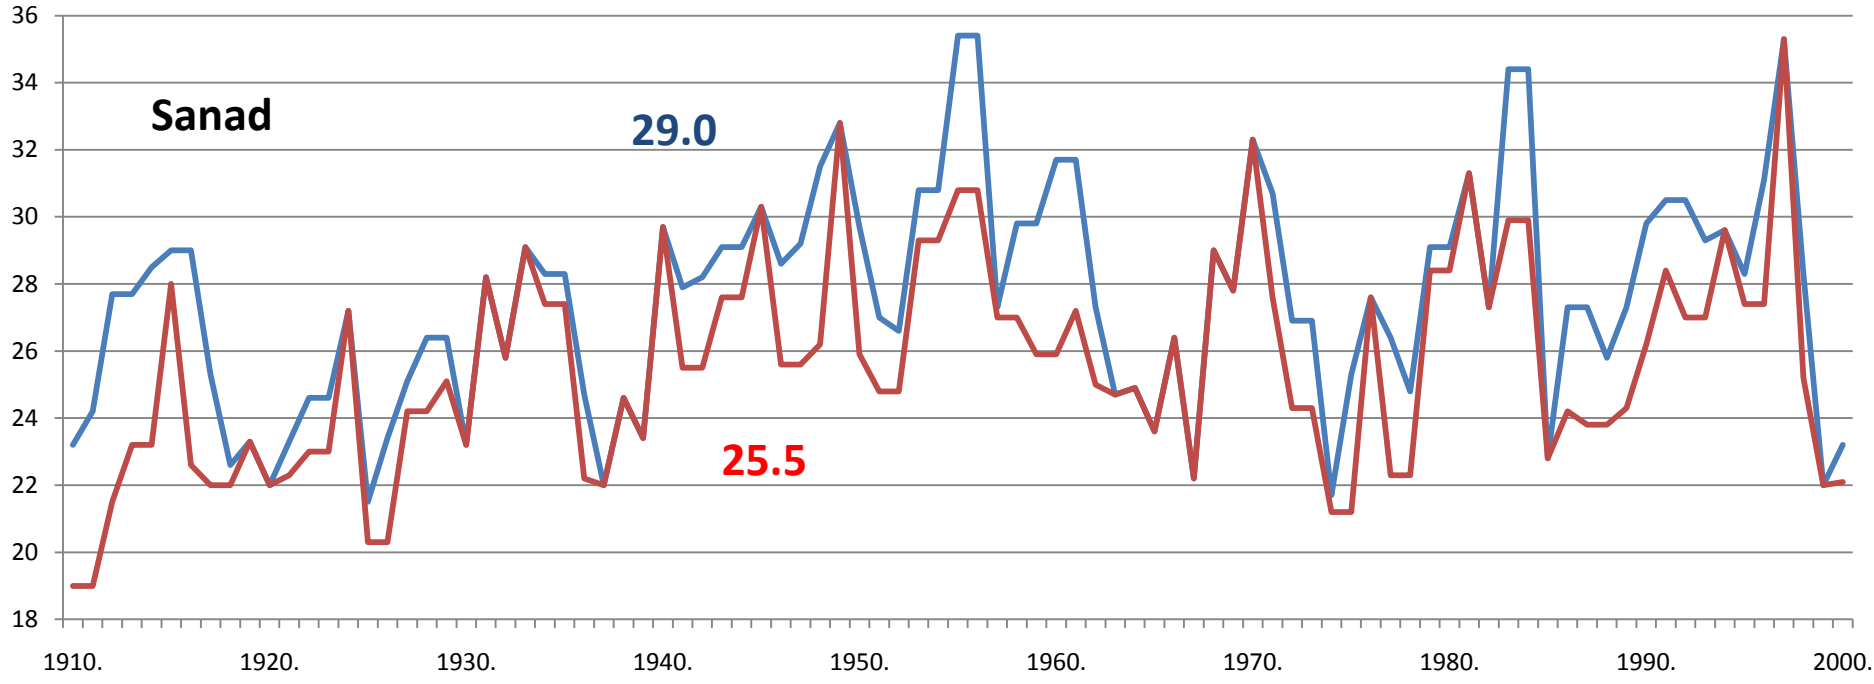

# Location of the case studies (selection)

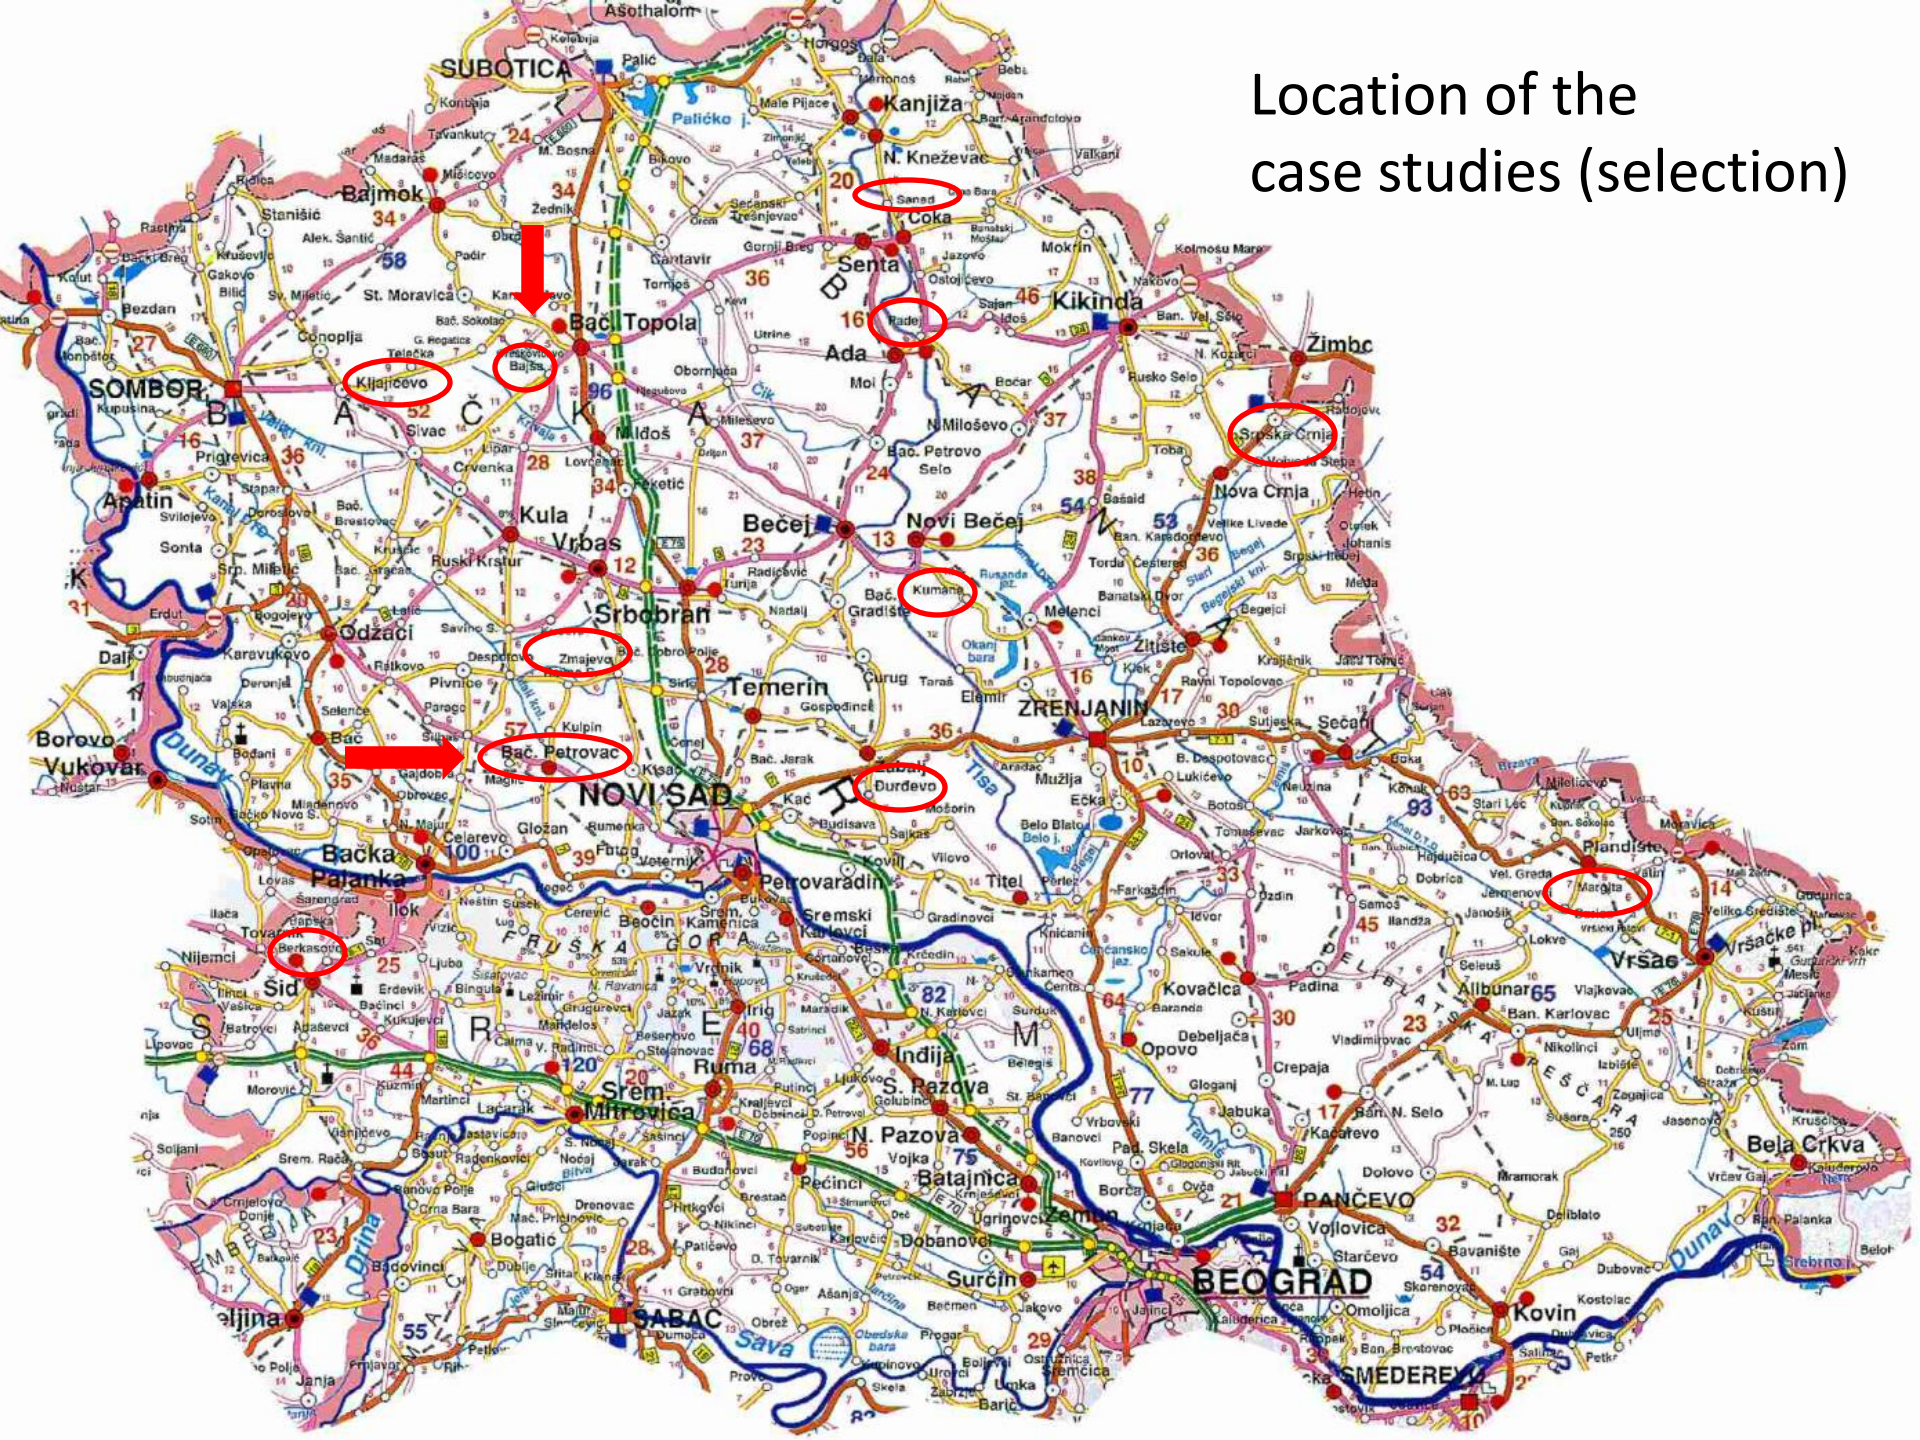

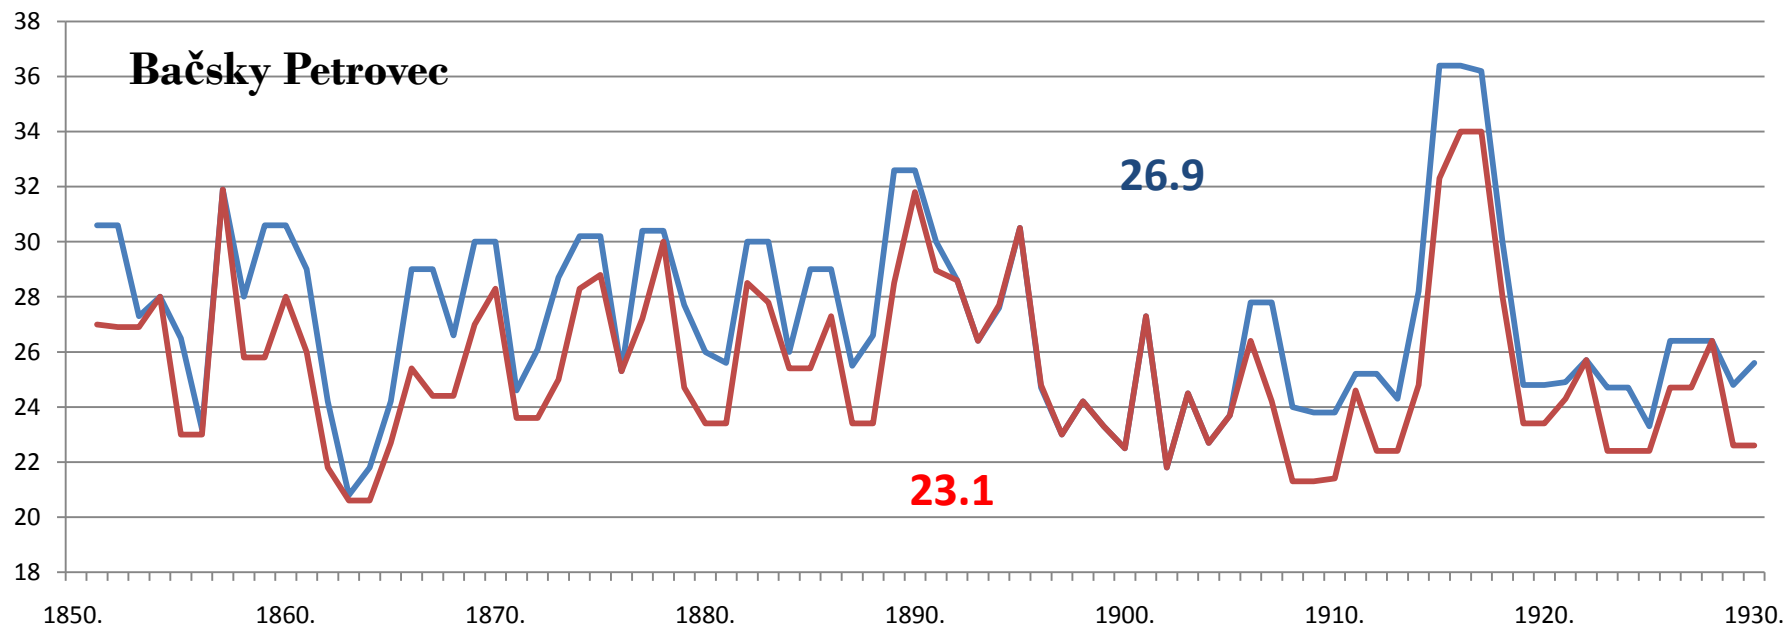

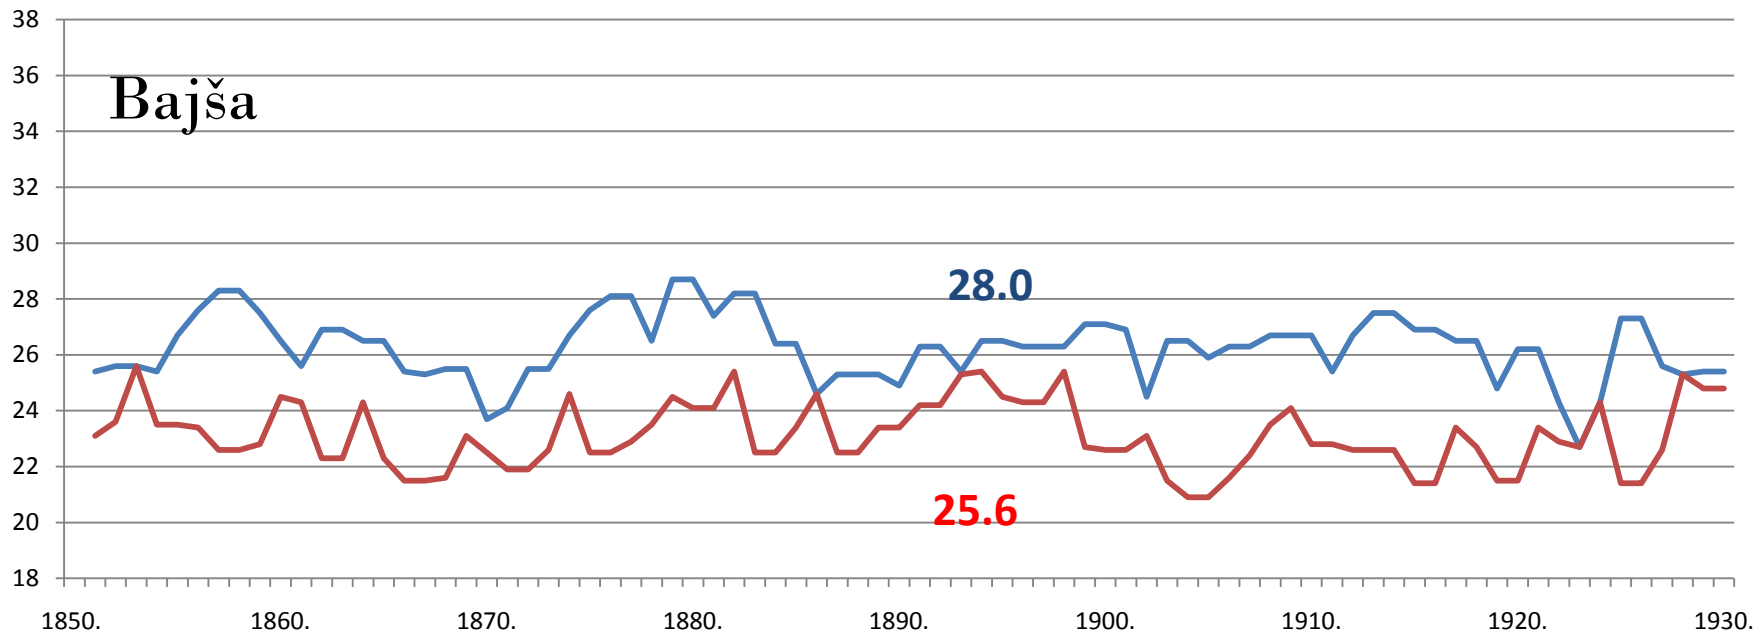

# Location of the case studies (selection)

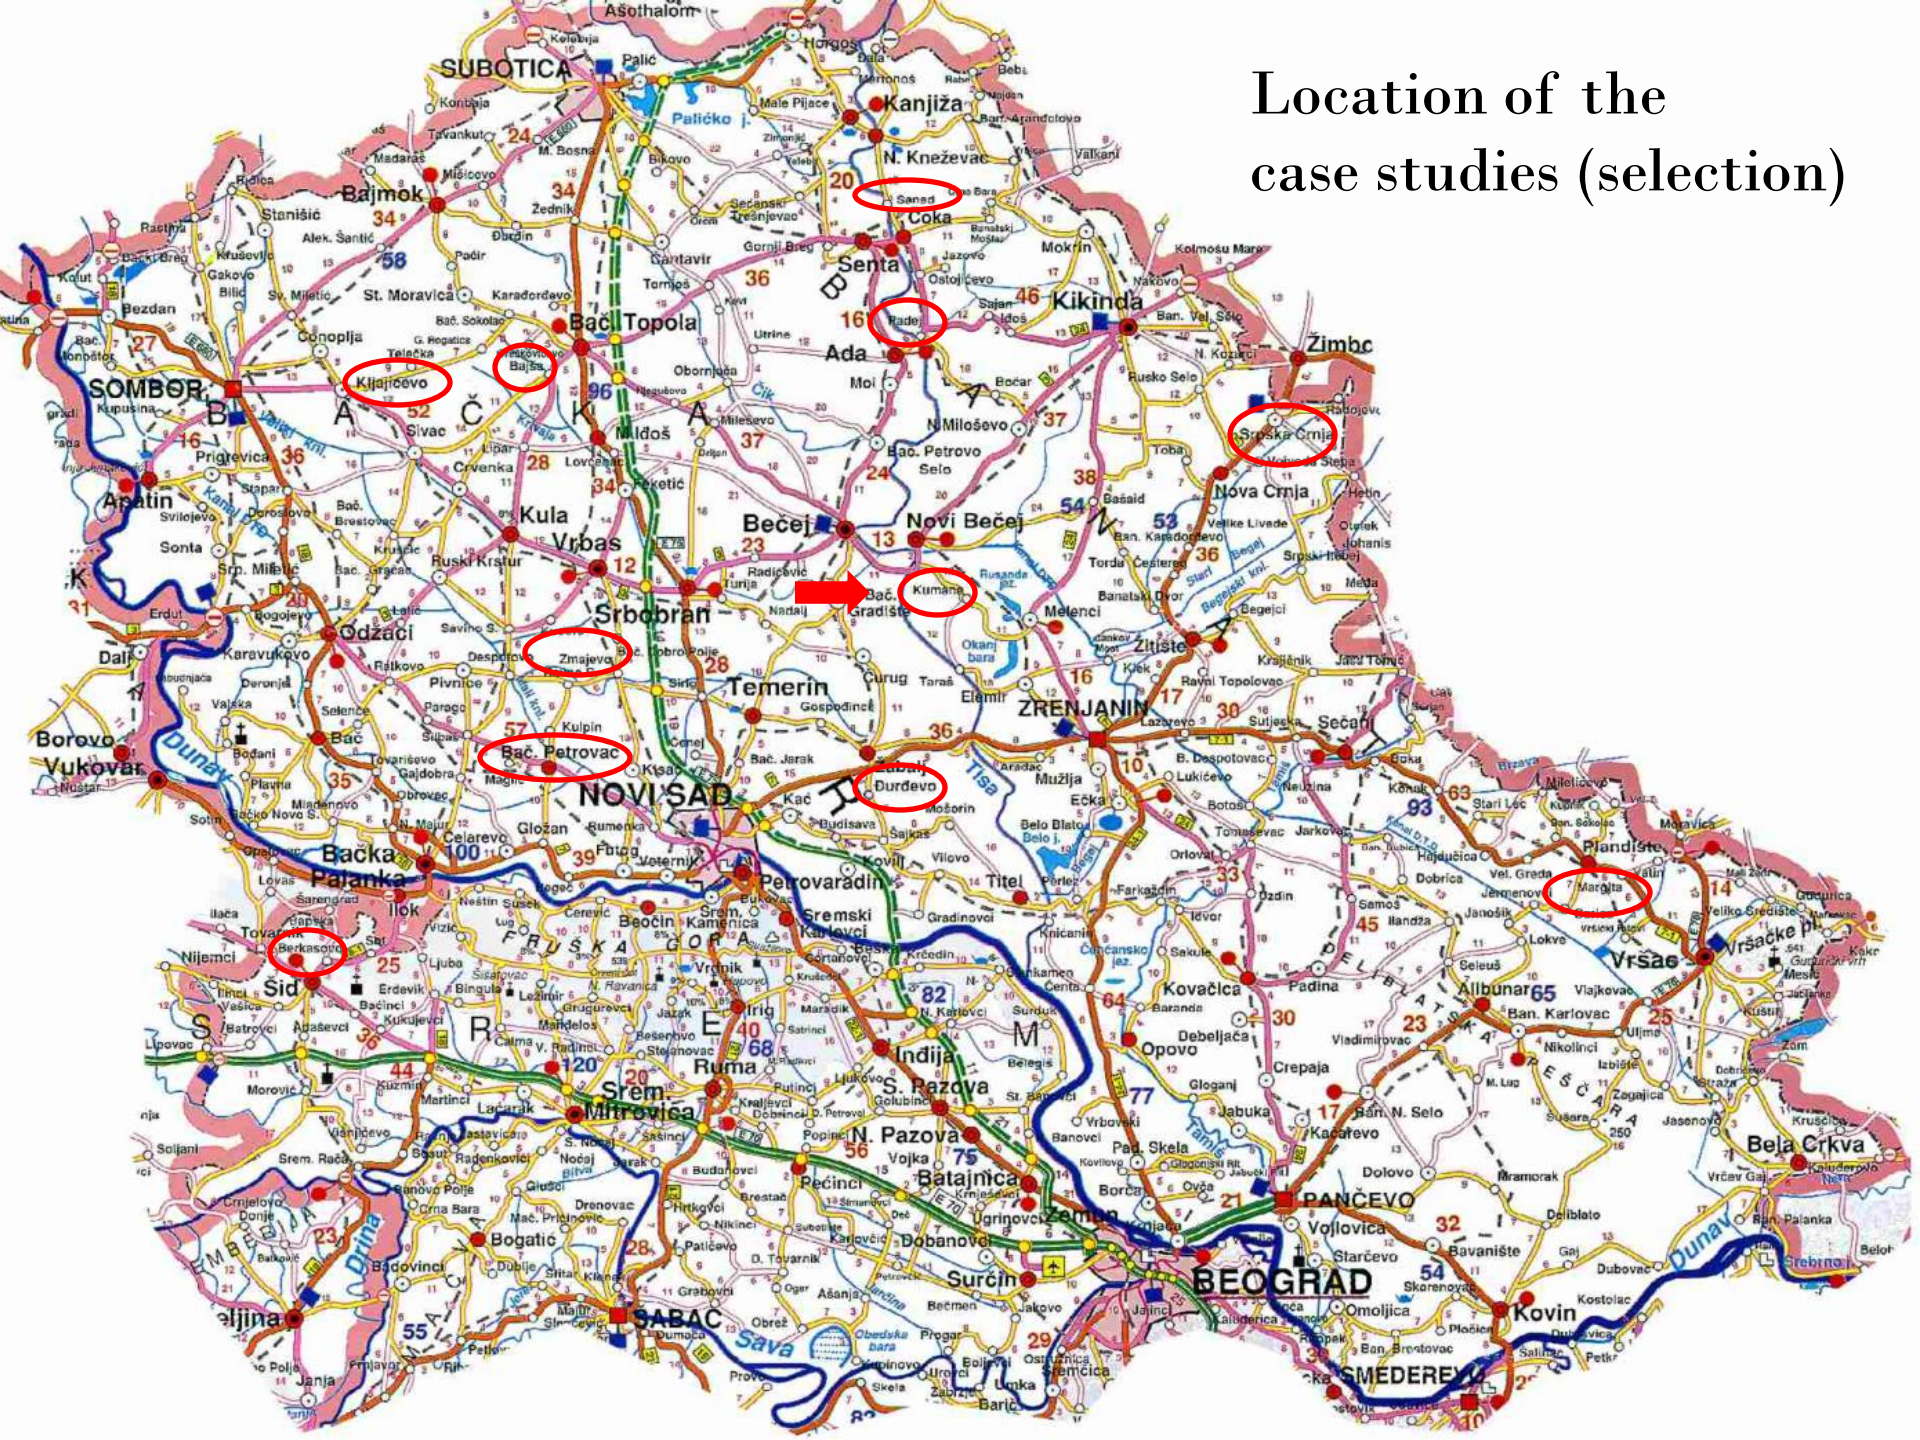

Location of the case studies (selection)

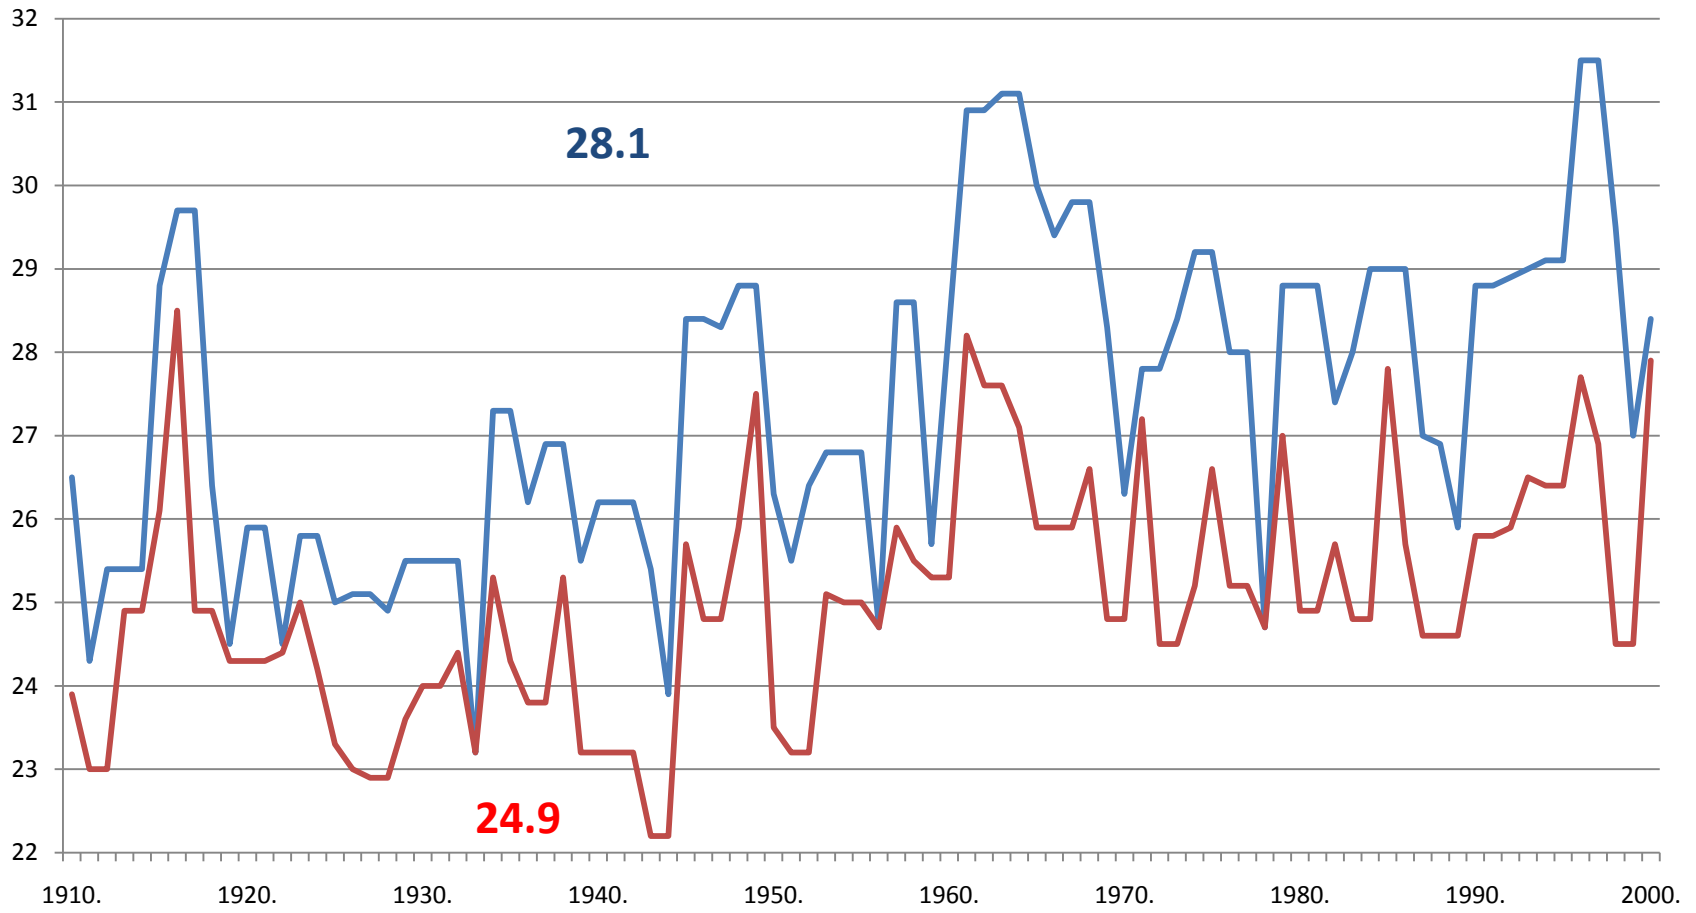

# Location of the case studies (selection)

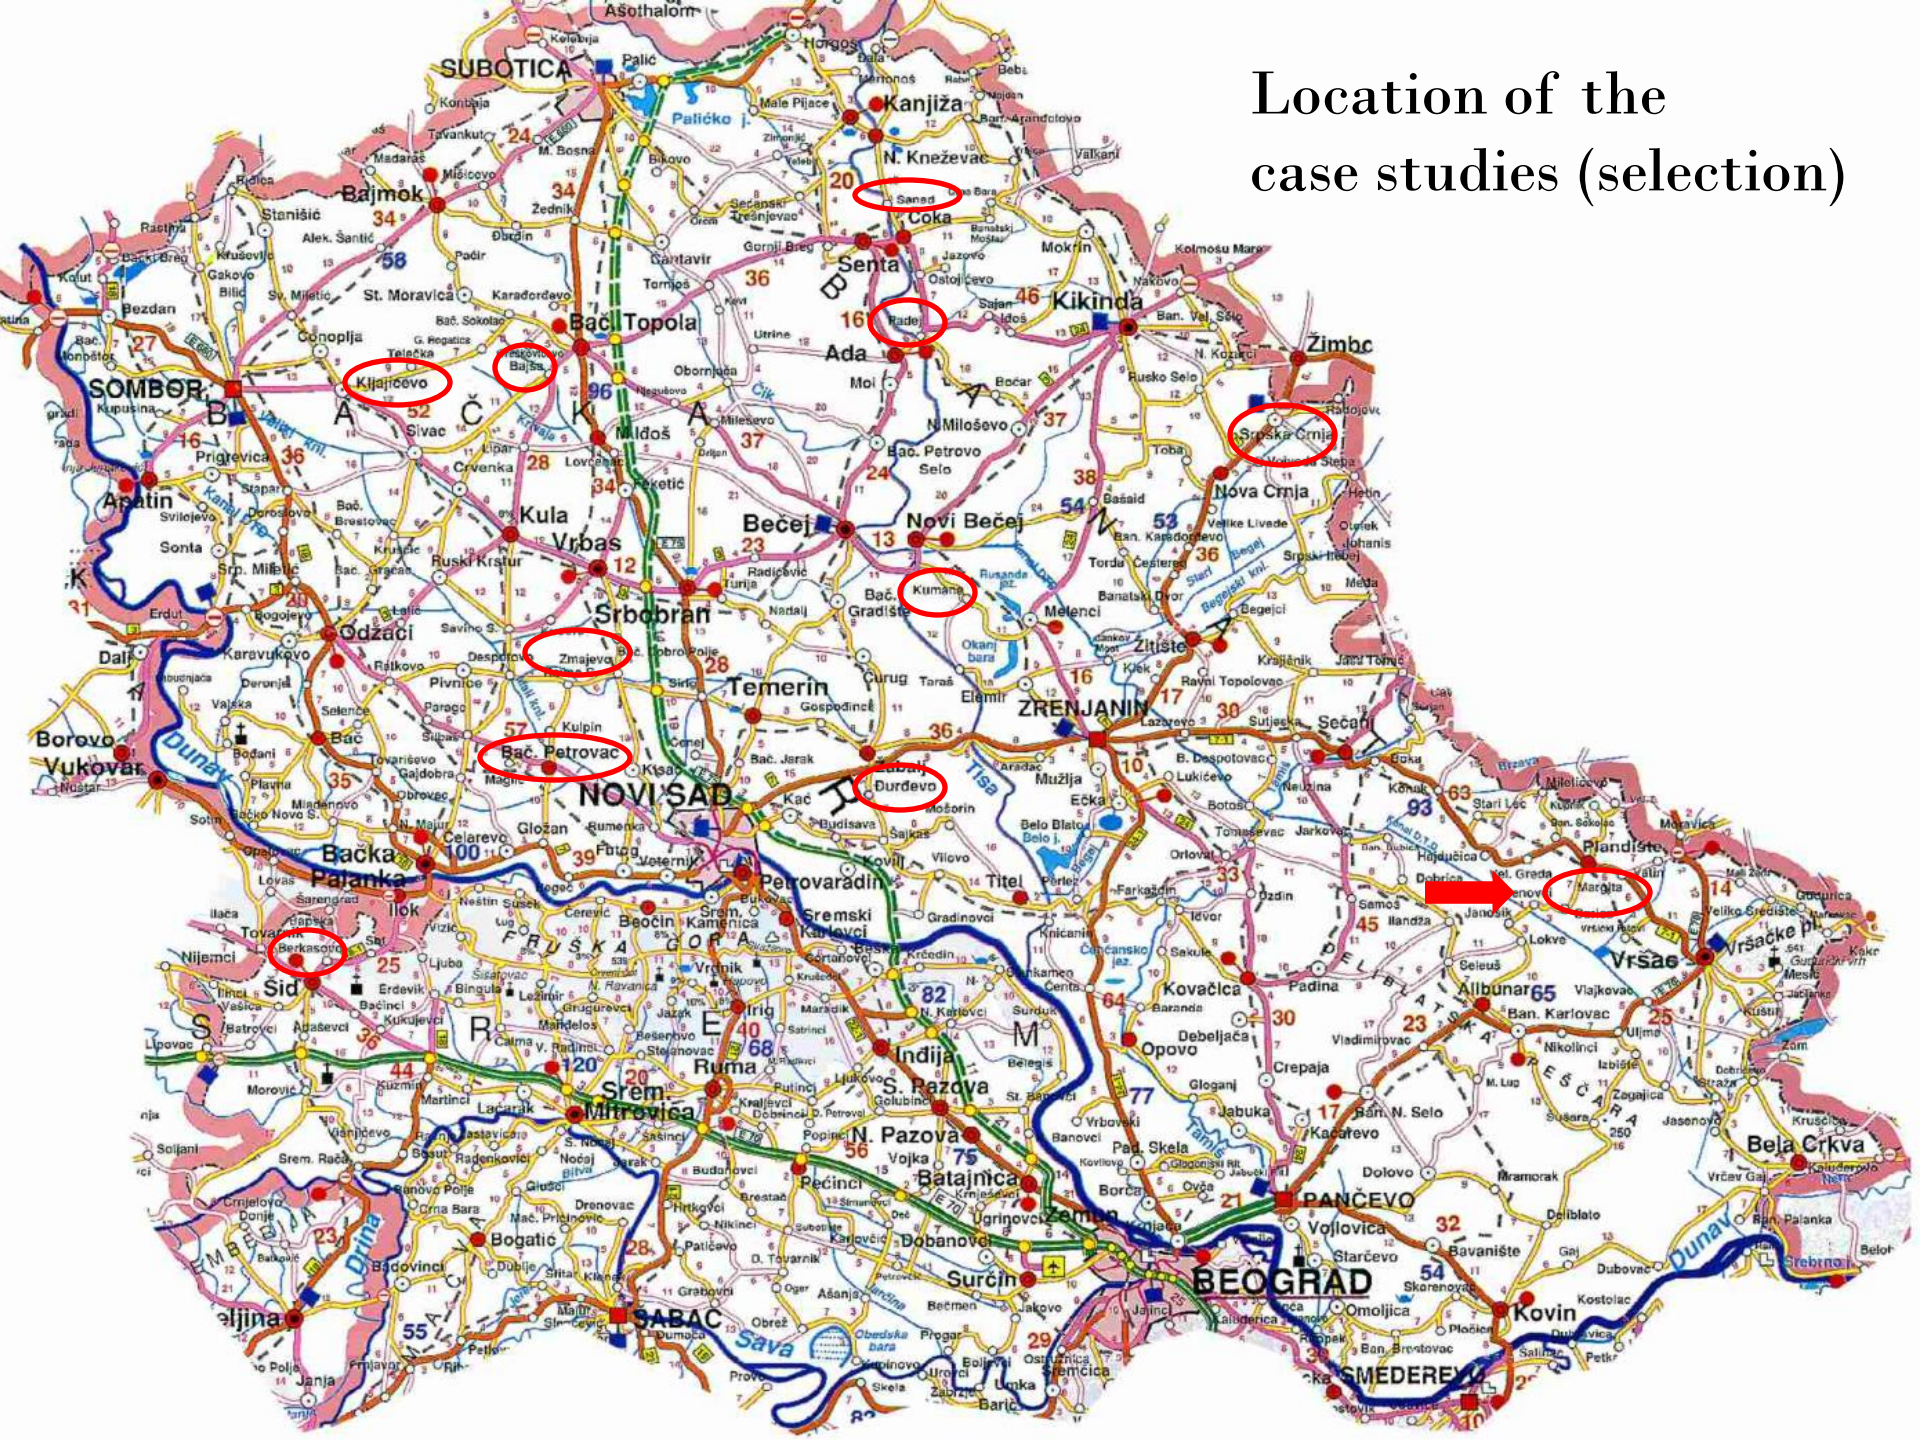

# Kumane

(Serbian majority, Banat)

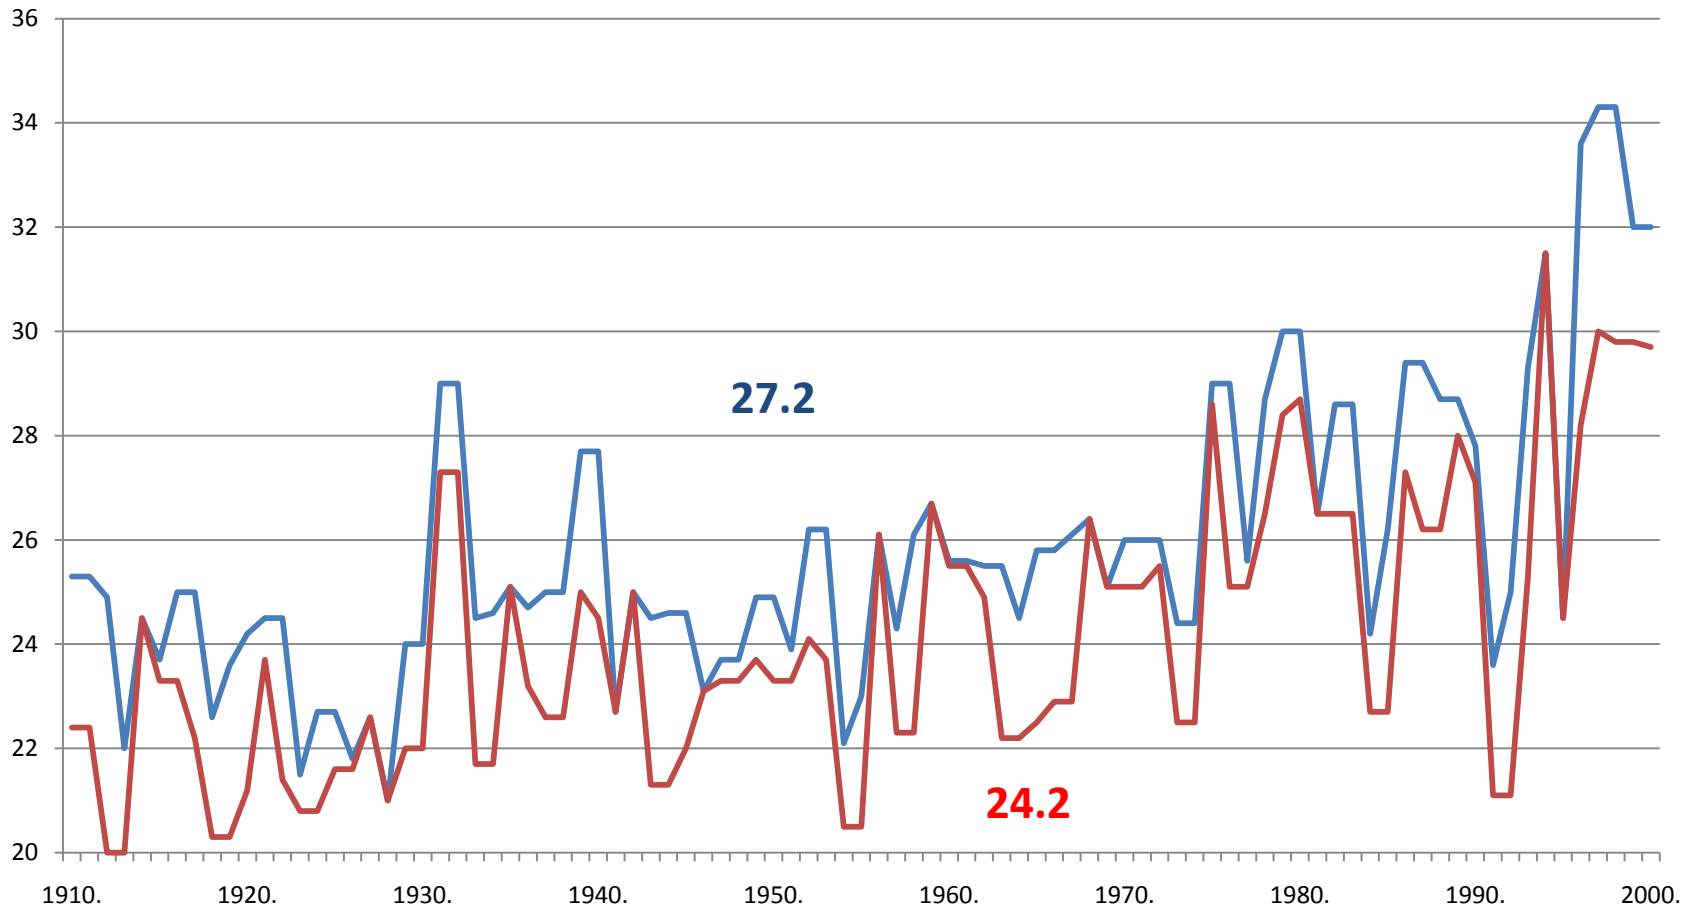

# Location of the case studies (selection)

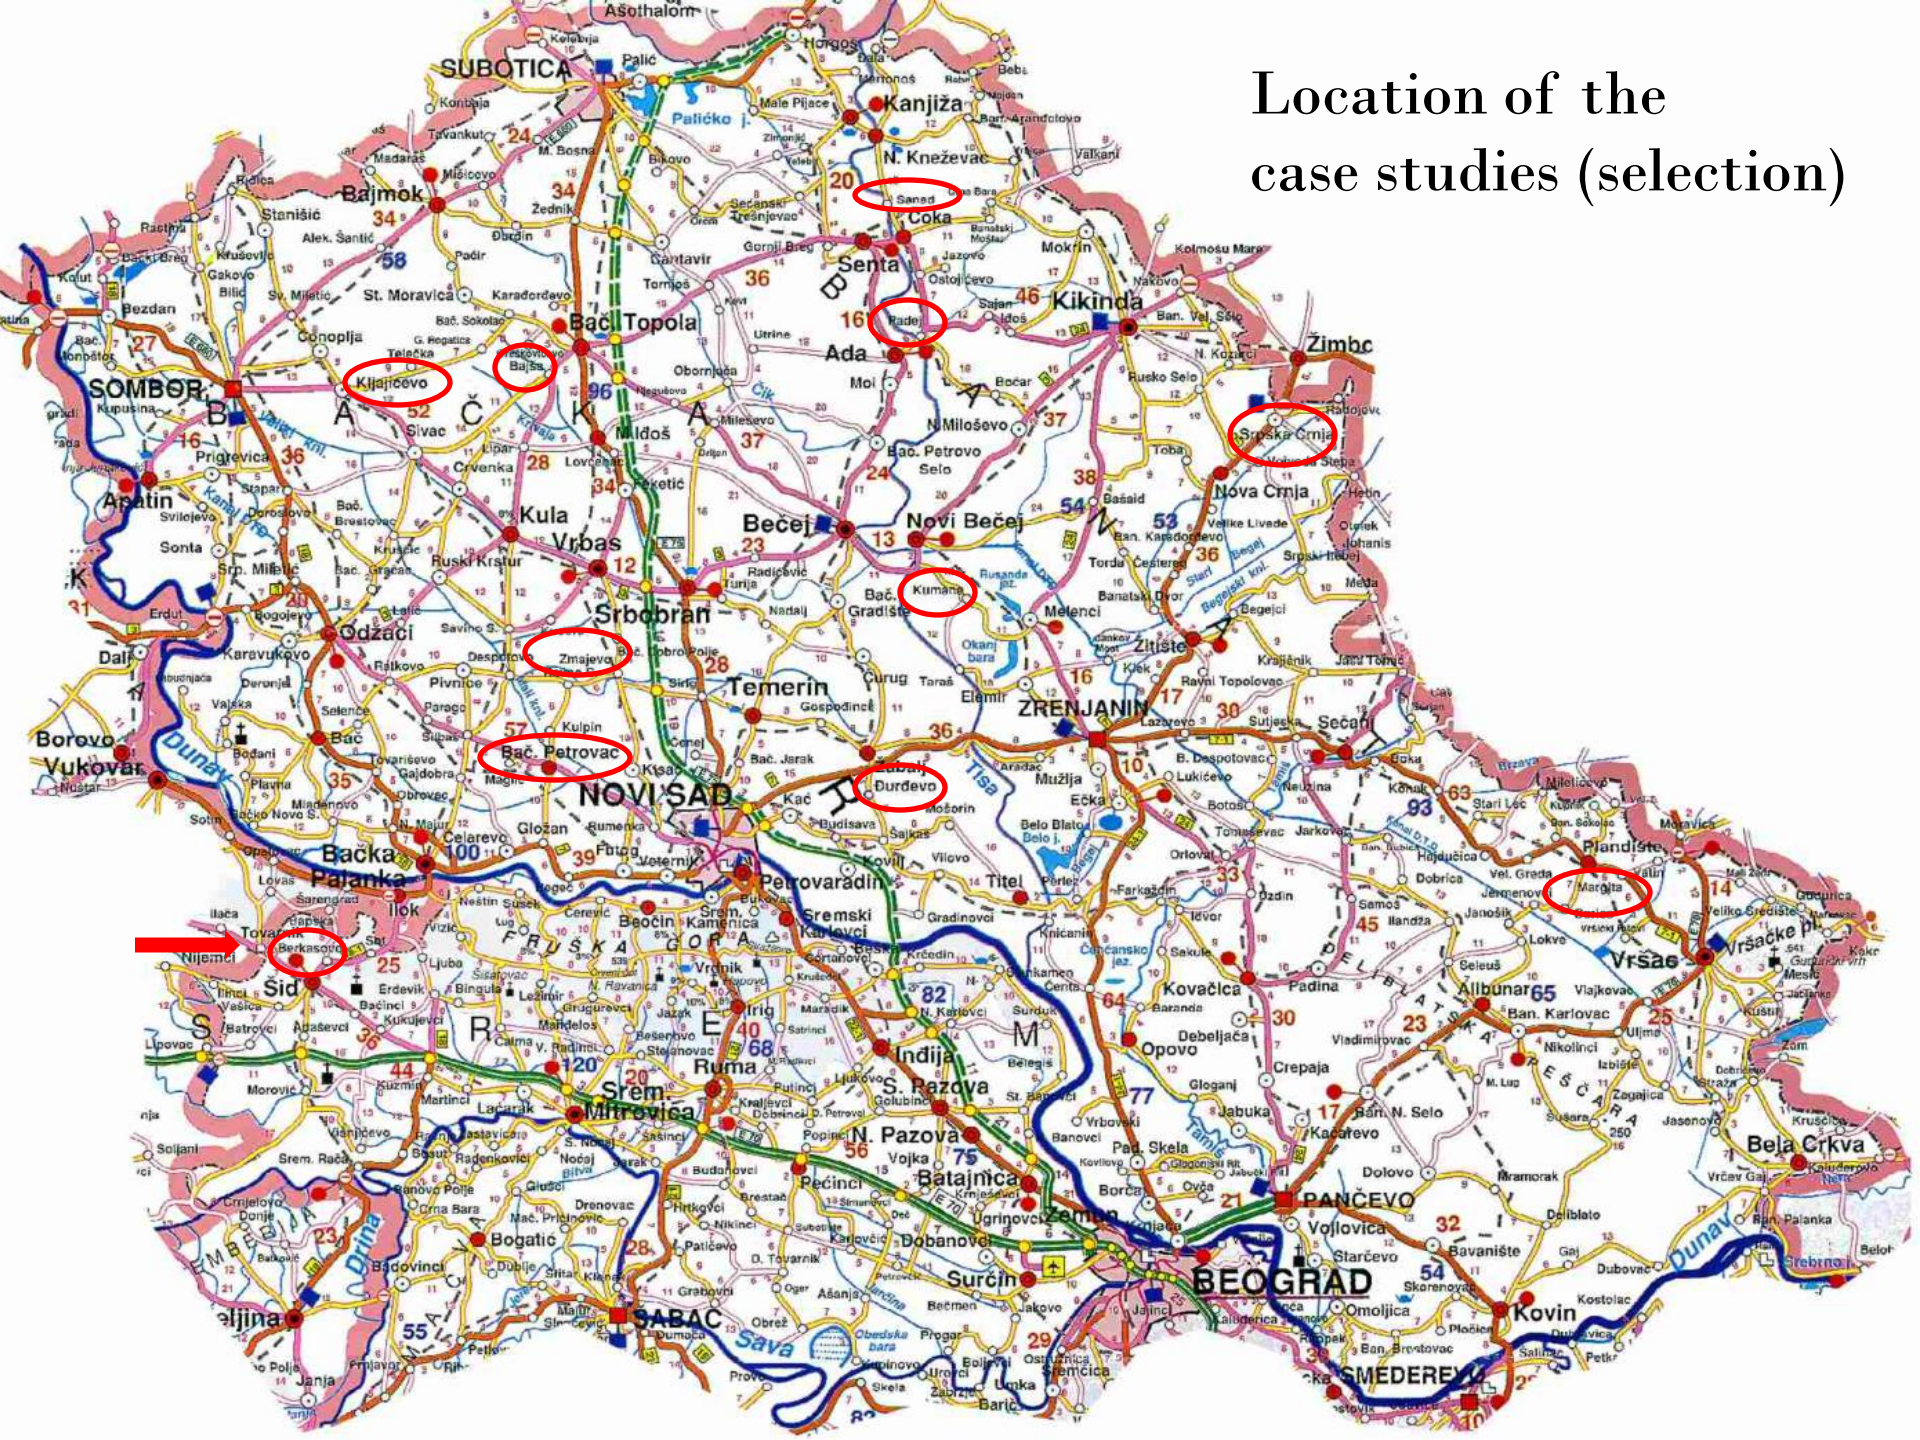

# Margita

(Romanian majority, Banat)

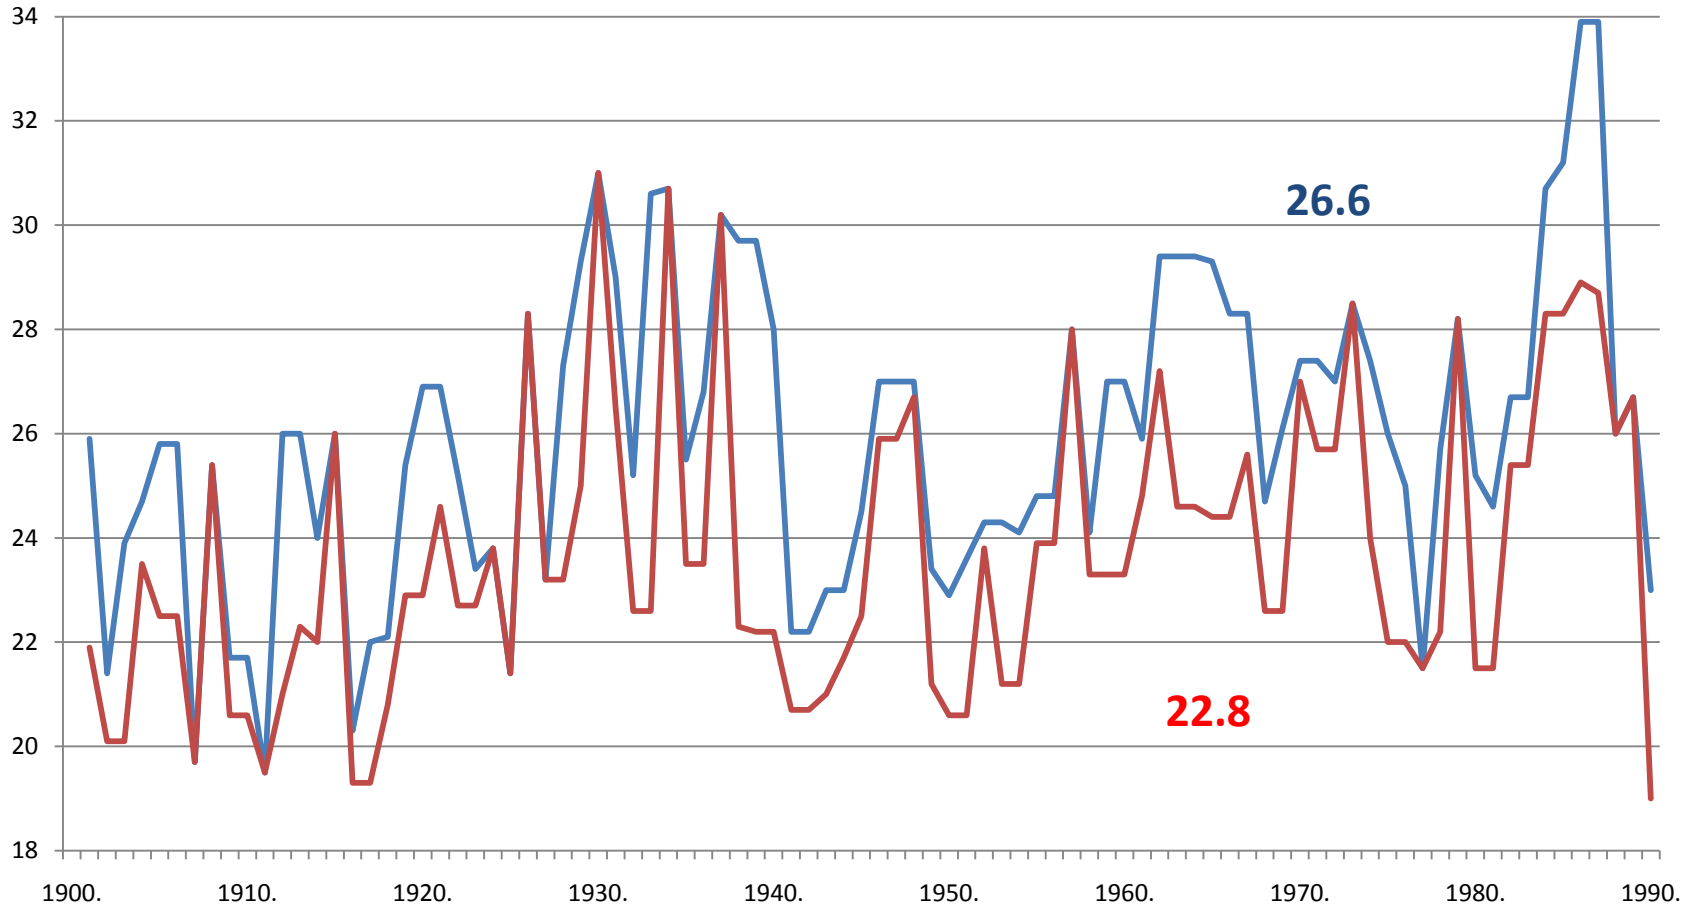

# Location of the case studies (selection)

# Berkasovo

(Serbian majority, Strymia)

Well yes, I suppose it is a  
multiple-choice question

# The Main Conclusions

- People got married before at earlier age – not necessary the case
- Religion has slightly more influence over ethnicity and spatial distribution
- The average distance between the spouses is generally around 3 years
